VOLUME 42

FOR THE UPBUILDING OF CAMERON AND MILAM COUNTY.

CAMERON, MILAM COUNTY, TEXAS, THURSDAY, JANUARY 29, 1920.

NUMBER 39

PETROLEUM KINGS WATCH FIELDS OF MILAM COUNTY

Hundreds Look Over Fields and Seek Lease and Drilling Concessions--Development Soon To Start,

The eyes of oil operators and developers are turning to Milam county. Within the past week the city of Cameron has entertained more petroleum magnates than at any time during its history. Hundreds of them have visited the city and inspected the oil field of the county adjacent to Cameron. Many of these have secured holdings while others failed. Some have tried to get drilling concessions and to get in on the ground floor. In every way the oil situation in this county is abundant with possibilities with big time development about to begin.

For four years oil in shallow paying quantities has been known to exist in the Tracy field nine miles south of Cameron. For that many years drills have been plugging away and now more than fifty shallow wells have been drilled, each of them showing approximately the same production of high grade crude oil. There has been no dry holes. At 1235 feet on the Gilliland tract a little more than two years ago when the drill plowed into the pay sand oil gushed over the derrick. There was a strong showing of gas. Unfortunately the well could not be saved from a cave in which interrupted the progress.

In this proven field there are three stratas of oil, one at 350 feet, one at 800 and one at about 1250. The last strata shows a much better production, although the first strata to which more than fifty wells have been drilled a paying production of oil.

Now that there are number of companies with financial strength and experience in oil development which have come in to this field with announced program of development the great pools which are believed to exist and which geological facts and indications show exist will soon be brought to a stage of production.

Tests have been made on the shallow stratas to test out the extent of the deeper stratas. It is said that a great number of these shallow wells have been drilled not only for their production from the shallow strata but determine certain facts ascertaining the deeper strata, its location and direct extension.

Many believe that Maysfield has the great deep oil pool for which tests are going to be made. The Tracy-Maysfield Oil & Gas Company are under contract to begin a deep test at Maysfield within the next few weeks. Rigs are being assembled and by the latter part of this week will be received in Cameron and shortly thereafter transported to the field.

Some time ago a water well drilled in at one of the gins of Maysfield made a showing of oil. This fact, combined with the fact that the field for wide spaces is rich in oil seepage make prospects for oil there better, perhaps than at any other undeveloped field in the State.

The development which is to be done in Milam county fields is not wildcatting. The drill will speed into proven territory as far as shallow fields are concerned and geological history shows that where there is shallow oil there is deep oil. This was proven in the great Ranger and Burk fields now called the foot of the rainbow. For many years operators were content with shallow production but once the deep test went down and penetrated the sands of the great lakes below the fields were heralded the world over and millionaires were made over night.

The possibilities are thrilling and all geological surveys and actual tests have shown that in Milam county there is oil. Just what the production will be remains to be seen. That was true of Ranger and Burk. Only the drill can disclose the actual possibilities of the underground pools of oil.

But this much is certain. The county has a shallow field which is unequalled perhaps by that of any other field in the entire United States limited development taken into consideration.

The development programs which have been announced are being watched with interest all over the country as well as our own city and county.

Mrs. Tom Dobbins of Roscoe, Texas, is here at the bedside of her aunt, Mrs. John P. Woolley.

MACHINERY HERE THIS WEEK FOR OIL DEVELOPMENT

TRACY-MAYSFIELD COMPANY HAS TWO RIGS.—INTEREST RUNNING HIGH

Two large drilling rigs for the Tracy-Maysfield Oil & Gas company are expected to arrive in Cameron the latter part of this week for developing the Holdings of the company in the Tracy and Maysfield fields.

Announcement of this was made yesterday by Edward Ryan, fiscal agent for the company with headquarters in Cameron. One of these rigs will be placed at Maysfield and one at Tracy and both of them will be set in operation at the same time.

Out at Tracy the company will begin work with the view of developing the shallow field. As a strong showing of oil has been made at the deepest of the shallow stratas which is 1250 feet it is planned to go to this strata with proper casing and drilling methods. Shallow oil also exists at 350 and 800 feet. The wells which are on the holdings of this company at Tracy are down to the first strata, having been drilled there some time ago by local operators. These wells are flowing by small heads at that depth. Greater gas pressure is found at the other depths and the officials of the company believe in view of the showing which was made there over two years ago that a flow can be obtained at that depth.

The plans of this company not only include a maximum development of the shallow well at Tracy but has in view the sinking of a deep well spudded in at proper dimensions to insure retaining any flow that might be brought in.

Beginning within the next few weeks as soon as the rig can be taken out the Tracy-Maysfield Oil & Gas Company will start a deep test at Maysfield. This project is causing more interest perhaps than any other project now on in the oil development regions of Milam county both because of the phenomenal seepage of oil from the earth and the fact that geological surveys have concluded that the deep pool lies in the Maysfield field. Its proximity to Gause where good showings have been made also makes the project of greater interest.

The company regards its Tracy holdings as proven and that no development is required there except to drill in a number of the shallow wells and put them on the pump. Their immediate concern is to test the Maysfield holdings, although development will go on at Tracy at the same time.

Efforts during the week by prominent oil operators from the great pools of Burk and Ranger and from Oklahoma to get drilling concession in these fields failed. The Tracy-Maysfield Oil & Gas Company will develop their own holdings with their own machinery and drillers.

CAMERON BOY MADE ASSISTANT HEAD OF AUTO CORPORATION

R. GORDON LANKFORD MAKES GOOD IN DALLAS AUTOMOBILE ROW

Friends of R. Gordon Lankford, formerly of this city, will be pleased to learn of his advancement with a large Dallas automobile distributing concern, the Rose Motor Company, one of the pioneer distributors of automobiles in the Southwest. The firm employs approximately fifty people.

Mr. Lankford's connection dates from early 1918 from which time his advancement has been rapid, and with the coming of the New Year he was appointed assistant general manager.

The following news-item from the Dallas News of January 8th announces the promotion:

"The annual banquet of the Rose Motor Company was tendered its employees and executive heads last night with a dinner at the Adolphus and a box party at the Majestic Theatre.

"W. F. Rose, General Manager, who presided there would be no time given over to business, that the meeting of the employees was for the sole purpose of enjoying an evening together and each department getting better acquainted with the other. He explained that a number of changes in the executive heads of the Company had been made recently and only such an evening together could bring about a mutual understanding and general acquaintance.

"The banquet was attended by fifteen persons including Porter R. Walker, Southern District Sales Manager of the Chandler Motor Car Company, Ross K. Sawyer, Locomotive Company of America, W. F. Rose, General Manager, E. W. Rose, President, Rose Motor Company, Vice-President City National Bank, R. G. Lankford, appointed Assistant Manager, A. B. Wright who was recently made Sales Manager; S. R. Spense, new head of the Service Department; J. G. Palmer, promoted to Territorial Representative; and the following from the Sales Organization: G. G. McBride, Guy Radley, D. S. Johnson, J. F. Kinnard, H. H. Storey, E. E. Shumate and J. T. Chankey.

"A trip in behalf of the Company will be made by Mr. Lankford in the early spring in the North and East; the itinerary including among the centers of the automobile industry, Chicago, Detroit, Indianapolis, Cleveland, Pittsburgh and New York City.

"Mr. Lankford is twenty-three years old and single."

Mr. and Mrs. B. F. Landers of Temple, are the guests of Mr. Landers, father and mother, Mr. and Mrs. S. F. Landers. We regret to say that since their coming last Friday they have been quite sick.

Mrs. Mack Harvey left Saturday night for Oklahoma City.

AMERICAN AVIATORS HELD

Fliers Lost In Fog Forced to Land Over The Rio Grande---Release Promised.

McAllen, Texas, Jan. 28.—The two lieutenants, Davis and Grimes, from this aero station, who were reported lost near Zapata, Texas, were forced to make a landing in Mexico, thirty miles south of Zapata, and are being held tonight by Mexicans, though the promise has been made them that they will be released in the morning. A message from them was received here tonight which stated that they expected to gain their freedom at the time stated.

The two lieutenants became confused in the fog and followed the Solado river from Zapata into Mexico instead of proceeding on up to the Rio Grande, there also being compass trouble. Thirty miles up the Solado river, the plane was forced to make a landing and there the Mexican took the two American aviators prisoners. The country is wild and rugged and the only means of reaching the section quickly is by plane. All day long aviators here have combed the country on both sides of the Rio Grande and for into the interior without gaining sight of the two lost men, and tonight's message was the first word received. The men are believed to be in the vicinity of Herrera, a little mining town and the message was received from Guerrero, a small railroad town near the border.

Brownsville, Tex., Jan. 28.—A message from military authorities here to the commander of the post at Nogales, Ariz., was delivered today in eight hours and thirty minutes by airplane, flying in relay, according to announcement at Fort Brown. The message was handed to Lieutenant Vincent J. Malloy here at 4:25 o'clock this morning and was delivered to the Nogales commander at 12:55 p. m., it was said. It was transferred to fresh machines at Laredo Eagle Pass, Marfa, Sandersen, El Paso and Douglas.

Another airplane, which was handed a duplicate of the message, is reported lost in the vicinity of Zapata, Texas. Search is being made for the missing machine which was piloted by Lieutenant E. F. Davis, with Lieutenant C. E. Grimes as observer.

Both planes left Fort Brown in darkness, flying the first hour and half by compass.

The airline distance between Brownsville and Nogales is approximately 1,200 miles.

HOUSING COMMITTEE HAS BUILDING PLANS READY

Will Build Homes and Finance Projects On Liberal Terms to Purchasers--Seek Immediate Relief

A building loan association financed by local capital and chartered and capitalized at \$25,000 or more will be organized in Cameron within a short time if the recommendations of the housing committee of the Commercial Club are carried out.

FAUBION BRIDGE IS DAMAGED BY FLOOD

INSPECTION MADE ENGINEERS WILL ANCHOR STRUCTURE WITH CABLE

Two piers on the south end of the Faubion bridge over the Little River near Gause are in danger of being swept away by the flood waters of the stream, having already been damaged by the current during the high water period of last week.

The damage to this bridge was surveyed Wednesday by County Engineer A. F. Mitchell, Giles L. Avriett, County Auditor, and O. K. Phillips of Rockdale. Mr. Avriett and Mr. Mitchell returned from the inspection trip Wednesday afternoon.

Mr. Avriett announces that Mr. Mitchell has communicated with J. C. Nagle, head of the engineering department of the Agricultural and Mechanical College, and also expert men in Dallas relative to the condition of the bridge with the view of rushing repairs and saving the structure from further damage and to prevent the south piers from being swept away.

Mr. Nagle and the engineers are expected to arrive here Friday. An effort will be made to anchor the bridge with a cable. It is believed this can be done although the task will be somewhat difficult.

The bridge is now closed to traffic and has been closed ever since the damage was discovered. Mr. Avriett is of the opinion that the bridge can be anchored and the south piers saved. It will cost a considerable sum to repair this bridge but this will be reduced by the anchorage and the use of the cables which will save the south end from being swept away.

The work will be rushed to complete the repairs before any more flood waters come to swell the current.

MASONS GIVE DINNER

The Masonic Lodge of Cameron entertained with dinner Wednesday night following the raising of two candidates to the degree of Master Mason. The dinner was enjoyed by a number of Rockdale Masons who came over with their degree team and conferred the degree.

There was a large number of Masons present not only from the local

The committee of which W. H. Triggs is chairman, met last Thursday morning in the office of the chairman and perfected the details on which this loan association is to be organized and put to use in relieving the housing need in Cameron. The plan which has been worked out by the committee will be placed before the Commercial Club at the regular meeting Friday night. This is one of the most important matters which has come before the Club in several months and a full attendance is requested in order that it may have the popular approval of the club.

The movement was started three weeks ago and was first put before the club in the form of a building loan association by T. S. Henderson, J. R. P. Jeter and W. H. Triggs and others took a very active part in the discussion of this matter and with F. S. Lesovsky and others were successful in having it referred to the committee.

Following the first discussion which took place at the meeting there was an inclination to build apartment houses but it was later decided to abandon that plan because of the demand for individual homes and the ready sale which is promised. While in the final analysis the association will be chartered and financed after the manner of loan companies yet it will have some very liberal features that quite take it out of the commercial class.

Chairman Triggs announced yesterday that with the raising of the capital subscription of \$25,000 the money will be advanced to men who wish to build their own homes at five per cent interest. In the event the association superintends the construction of homes selling them after they are completed the money will be advanced by allowing a reasonable small cash payment and the balance on easy terms. The committee has made liberal concessions to prospective builders in their plans and no matter what the procedure in erecting the homes capital will be made within reach of the average man.

When homes are completed it is planned to apply the money from their sale to the construction of other homes thus insuring a big development in the resident sections of the city. The matter of location will be determined after a thorough investigation by the committee which has been at this task for some two weeks.

In any event Cameron is in for a great deal of development with the view of relieving the housing need. Hundreds of people have come here during the last few months and are in needs of homes.

A big attendance at the club meeting tomorrow night is asked in order that this proposition may have voluminous support.

PIERCE TO MARKET

Louis S. Pierce, Cameron dry goods merchant, and operator of the Louis S. Pierce store here, will leave the latter part of the week for Chicago, St. Louis and New York to purchase spring merchandise for the business.

Mr. Pierce also operates a large dry goods business at Navasota and his eastern purchases will include buying for that store as well as for the Cameron establishment.

Mr. Pierce is now in Navasota but is expected to arrive in Cameron today or Friday. He will stay one day in Cameron to be at the office of the local store before leaving for the eastern markets. Mr. Pierce expects to leave the city some time Saturday possibly Friday night for the markets.

Mr. Pierce expects to be away from Cameron for at least two weeks or longer while visiting the markets and before his return here.

W. W. Jenkins of Temple was in Cameron Wednesday on business.

**DETAILS OF MIDLAND
SHOOTING ARE TOLD**

**CLAUDE HEARRELL KILLED AT
MIDLAND.—BROTHER OF
CAMERON ATTORNEY**

The following concerning the killing of Claude W. Hearrell, brother of U. S. Hearrell of Cameron, at Midland last week was issued by Mr. Hearrell here:

"Claude W. Hearrell and Asa Rutland had a previous difficulty about a misunderstanding about some money matters, the parties were prevented from having this difficulty by the Sheriff of Midland County.

"It was supposed this trouble was settled and the parties had made friends. This occurred on the morning of the 14th of January, 1920.

"About 3 o'clock p. m. the same day, while Hearrell was going to the Sheriff's office presumably to pay his taxes, Rutland who saw him going in that direction, ran through the back door of a restaurant and hid himself in the doorway along the sidewalk, when Hearrell was approaching same.

"Just before Hearrell was opposite same, he jumped in front of Hearrell and told him to hold up his hands and marched him up to the jail, where the Sheriff and his family lived. This was about 100 yards by a back street.

"When they arrived at the jail, the sheriff's wife came out and wanted to know what was the trouble. Hearrell never made any answer. Hearrell was shot through the left breast and killed instantly. At the time of the shooting Rutland was about 15 feet from Hearrell.

"The Sheriff was at the Court House near the jail, hearing the shooting, ran to the jail. When he arrived there Rutland was leaving, the Sheriff followed him and told him to throw down the pistol, which he did and put him in jail."

San Angelo, Tex., Jan. 18.—Claude Hearrell, prominent Midland ranchman, who was shot to death at Midland Wednesday afternoon, was buried in his home town Friday afternoon, according to reports of the killing which reached San Angelo Saturday. Asa Rutland, a returned soldier, is charged with the crime, a telegram stated. The trouble that culminated in the shooting began earlier in the day. The court house square was the scene.

Hearrell was about 40 years old and leaves a wife and three children. He was raised in Coke county, which adjoins Tom Green on the north, and where two brothers, Will P. Hearrell and Jobe Hearrell reside. Another brother, Sam Hearrell, is an attorney at Cameron. Will and Claude Hearrell had a big ranch in Pecos county under lease and the deceased spent much of his time at Fort Stockton.

JUDGE ADRIAN POOL HERE

Judge Adrian Pool, of El Paso, former county judge of the county, and now a representative from that district, is in the house of representatives at Austin, was called to Cameron last week to appear as a witness in the case State of Texas vs. A. S. Luce and J. L. Carter, which is being tried in the district court. This case involves the transfer of land in exchange for hotel property in Thornedale owned by Miss Bobby Syfert. The land in question is located in Culbertson county.

Mr. Pool took an active part in the deliberation of the House during the last session of the Legislature and it was through his efforts that the \$75,000,000 road bond amendment was submitted to the people. The bill was written by C. O. Laney of Dallas, member of the House, but Mr. Pool was its active champion in the House. Mr. Pool is a road enthusiast and very active along other lines of constructive legislation.

PRESBYTERIAN CHURCH

Final arrangements have been made with Rev. W. R. Minter, D. D., of the First Southern Church at Austin, to hold a meeting for us. This meeting will be started by the pastor the second Sunday, (the 8th) of Feb. Dr. Minter will come to us on the following day and preach for us for ten days or more. We invite all Christian people to be with us in these services, and the public generally. Dr. Minter is an attractive and strong preacher and we look for much good to be done.

Rev. H. R. MacFadyen was in Dallas Wednesday attending a meeting of the Presbyterian Managers for Texas for the spring convasses for funds for the benevolences of the church. Mr. MacFadyen is the Manager for Central Texas Presbytery. Make your plans to attend some church Sunday, and to be with us in our meeting.

**ALLEGED SLAYERS OF RONEY
AND BOLES UNDER ARREST**

Washington, Jan. 28.—Mexican authorities in the Tampico district have reported the capture of the persons suspected of the murder of P. J. Roney and Early Boles, American citizens, and of two probable accomplices, according to information furnished the American Embassy at Mexico City by the Mexican Foreign Office in a note dated Jan. 17.

Mexico City, Friday, Jan. 23.—Several men suspected of being implicated in the murder of Early Boles and F. J. Roney, American oil men, are under arrest at Tampico, according to reports from Colonel Francisco Orozco, in charge of the military police there.

None of the prisoners has confessed, but one of them is said by the police to have been wearing a sweatshirt belonging to one of the Americans. This garment was bloodstained and the man, whose name is Castro, is alleged to have tried to get rid of it when apprehended.

Edward Ryan, of Temple, fiscal agent for the Tracy-Maysfield Oil & Gas Company with headquarters in Cameron, has arrived in the city and taken over the offices in conjunction with W. B. Birchum, secretary of the company. The offices of the company are located over the Palace of Sweets in the heart of the business district. Mr. Ryan will spend all his time in Cameron, where he can be in close touch with the development. Mr. Ryan declares the oil showing in Milam county is the best in the State on the limited development that has been done.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, tetters, etc.

Jrove's Tasteless chill Tonic

restores vitality and energy by purifying and enriching the blood. You can soon feel its Strength giving, invigorating effect. Price 60c.

MANY STUDENTS ENROLL

San Marcos, Tex., Jan. 28.—Enrollment of students at Southwest Texas State Normal College since the holidays indicates a healthy increase over last term's. In fact, the registrar's books show that the enrollment of young men has increased fully two hundred per cent when compared with that of a year ago.

Owing to the increased attendance several new instructors have been added in various departments. Moreover, a number of new courses have been organized to take care of the congested condition of several classes.

A new feature of the Normal is its commercial department, which was established in the fall of 1919. This department, judged by the number of students enrolled, is one of the most popular in Normal. The equipment is modern and complete in every way. Recently several hundred dollars worth of reference books on law, accounting, and business administration have been added to the library of the school of business. The commercial department has a teaching force large enough to give complete courses in bookkeeping, typewriting and college rank.

Foster Davis, veteran driller and active in the production of Texas oil since the days of Spindletop, and who had many years of experience at Sour Lake, Batson, Saratoga and who recently was in the service of the Perry Oil & Gas Company at Ranger, is in Cameron and has looked over the Tracy and Maysfield district which are soon to undergo extensive operation. Mr. Davis owns his own rigs which are now located at Ranger. He came down to look over the holdings of the Tracy-Maysfield Oil & Gas Company. He is optimistic over the Milam county outlook and declares there is a great oil pool located here. Mr. Davis may see service in the development of local fields.

California Home Brand Pickles in cans.—Giles L. Avriett.

**INDICATIONS OF OIL ARE
STRONG ON PRISON FARM**

Austin, Tex., Jan. 24.—Strong indications of oil have been found in a well which is being drilled for water on the Clemens prison farm, according to Prison Commissioner S. D. Low. The well is down about 2,000 feet, and as the farm adjoins the West Columbia field, prospects for bringing oil are good.

**NOTICE IN PROBATE
THE STATE OF TEXAS.**

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby Commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE

THE STATE OF TEXAS.

To all persons interested in the Estate of Mrs. E. E. Ely, deceased, Cause No. 1780 notice is hereby given that W. W. Chambers has filed in the County Court of Milam County, an application for the probating of the will and testament of Mrs. E. E. Ely, deceased, and for appointment of and issuing of letters, testamentary, of the estate of Mrs. E. E. Ely, deceased, which will be heard at the next regular meeting of the County Court to be begun and holden on the First Monday of February, A. D. 1920, same being the 2nd day of February, A. D. 1920, at the Court House thereof, in the city of Cameron at which time all persons interested in said Estate may appear and contest said application, if they see proper.

Herein Fail Not, under penalty of the law, and of this Writ make due return.

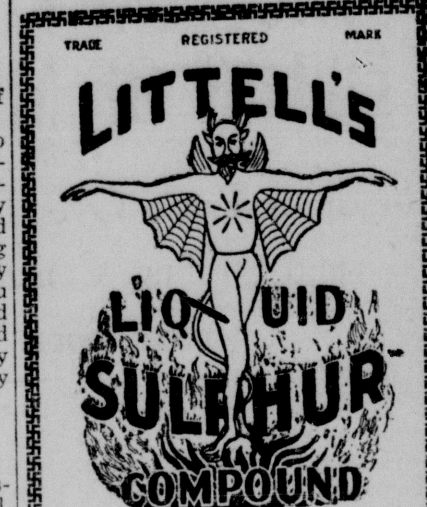

Given under my hand and seal of office in the City of Cameron, the 15th day of January, A. D., 1920.

Attest: Will T. Yates,
Clerk County Court, Milam County,
Texas.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetters, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle. Large size \$1.00
JAMES F. BALLARD, Prop. St. Louis, MO.

**Equip Your Small Car
With Goodyear Tires**

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½-, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the small Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest-priced automobiles of the day.

You can well do so because these small Goodyear Tires are easy to obtain, being produced at the rate of 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of small cars.

30x3½ Goodyear Double-Cure \$20.00
Fabric, All-Weather Tread

30x3½ Goodyear Single-Cure \$17.65
Fabric, Anti-Skid Tread

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag. \$3.90

A. D. Morton, prominent oil operator from Bartlesville, Oklahoma, who recently purchased the Burt-Wagoner well for \$2,000,000 was here yesterday looking over the Cameron and Milam county oil fields. Mr. Morton is one of the many operators from the big oil fields who have visited here during the week, is convinced that there is a great oil pool here but could not say just where it is located.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . ."

"It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

SPRING HEALTH TOURNAMENT STARTS IN STATE FEBRUARY 5

Crusade Will Last Fifteen Weeks And 300,000 Children Expected To be Enlisted

Austin, Tex., Jan. 28.—The Spring Tournament of the second Modern Health Crusade will last for 15 weeks, beginning any time before February 1, announces Miss Louise Hunter, State Crusade Executive, who is the Director of Children's Work, of the Texas Public Health Association.

Miss Hunter and George F. Granger, Field Secretary of the Texas Public Health Association, are traveling over the state lecturing in the Texas schools and organizing the Modern Health Crusade. They expect that over 300,000 Texas children will enter the fight against uncleanness and disease, and will learn health habits which will help them grow up to be strong, healthy men and women.

"Education in health is as important as the teaching of reading, writing and arithmetic," declared Mr. Granger. "The Texas Public Health Association would like to see the Modern Health Crusade made a part of every school curriculum. Health and hygiene should be taught to the children, and the glamor and romance of the Crusades make the tasks and habits of cleanliness into play."

The Association is sponsoring the Modern Health Crusade as a part of its 1920 "better health" program, and will this year wage an extensive war against tuberculosis and other diseases.

CITRUS LAND

The recent public sale of lands on the Yuma Mesa, Arizona, which are described as particularly adapted to the growing of citrus and other semi-tropical fruits, was a decided success. The total of the sales amounted approximately to \$1,250,000, and buyers were present from all parts of the country. One tract of 60 acres was purchased and will be developed by Army officers from Washington, D. C. About 1700 acres of the first unit remained unsold at the close of the auction, and Secretary Lane has authorized the Reclamation Service at Yuma, Arizona, to receive bids for these farms until June 1, 1920, unless sooner disposed of.

JEFFERSON B. WHITE, Local Manager

CLEMENCEAU'S DEFEAT

The veteran French political leader met defeat at the hands of an old-time enemy. Clemenceau, victorious war-leader of the French, was turned down as the next president of France in favor of Paul Deschanel. This will surprise some Americans.

Clemenceau was the war leader of France, he typified the iron will of endurance to victory, and he held France to the rack of war at a time when some were ready to quit. But, Clemenceau was feared as a civil leader in times of peace. Former Premier Briand, for instance, remarked after the election of Deschanel, "France and the Republic continue."

In this country we can't realize the feeling of the Frenchman towards the Republic, and the possibility of another "Man on Horseback." Twice republics have gone into monarchies, and whenever a republican leader is an energetic personality, with characteristics making him liable in popular eyes to personal ambition, becomes an object of fear to many. Clemenceau, whether rightly or wrongly, was considered too strong a man to relegate himself to the rear as president, consequently he lost strength on that account.

Besides, in the past Clemenceau had made many enemies by his bitter assaults upon political leaders. He had only been premier once before the war but he had broken and remade several political fortunes. His conqueror in the presidential election had once fought a duel with him over caustic comment. All these enemies joined in the fight against the aged premier, who none believed would remain a mere figure-head in the presidential office.

In allied countries general will be felt over the defeat of this Frenchman whose conduct during the war was courageous and patriotic to the last degree.

BUILD THE HOMES

The action of the Cameron Commercial Club in proposing the organization of a loan association for the purpose of increasing the housing facilities of this city is commendable in the highest degree. It not only means development in the residential sections of the city but shows the spirit of town building and paves the way for a more substantial citizenship. Home owners are permanent and satisfied residents.

A most liberal policy has been incorporated in the plan which has been formulated by the committee. Financial aid is to be extended on terms that cannot be equaled anywhere. The plans makes it possible for the man of average means to become the owner of his own home with a small advance of capital on his part and assuming deferred payments at the lowest possible rate of interest.

While it is true that any town which has no vacant homes or business blocks is in the progressive column, it is never the less a regrettable condition that people are not able to find living quarter. This condition must and will be remedied by the wide awake men who will see to it that means are provided for the necessary construction of homes.

Shortage of housing space obtains in every city of America. Great increases in population strength during the past three years combined with the industrial unrest reacting upon the labor supply which in turn has curtailed the production of material, are responsible for these unprecedented conditions.

Business men of Cameron have resolved to increase the housing facilities here and in this determination is seen the finest sort of public policy and progressiveness.

VOTE FOR THE BONDS

On the 24th day of February 1920 qualified voters of road district No. 2 of which the city of Cameron is a part, will be called upon to support a supplemental issue of \$25,000 for the purpose of completing gravel roads on three proposed connections with adjacent precincts.

Even though an increase in the tax rate were necessary to complete this needed work the voters could do nothing better than to support this issue. But fortunately it is not necessary to increase the tax rate to get this supplemental issue. The increased valuation in the district on the present bonded indebtedness as has been explained by county officials, is sufficient to take care of the additional issue. In fact, a surplus occurs in the funds accruing from this bonded indebtedness and the supplemental issue will be taken care of with funds to spare.

Vote for the bonds.

The supplemental issue will give the county complete outlets in every direction by pike roads and will connect the county and Cameron with two National Highways. With tourist travel becoming more pronounced since the increased use of the motor car this traffic is an inducement within itself. There is no greater national policy for improving internal lines of communication than is shown in the federal and state aids as well as local aids for these National Highways.

Milam county will by this additional issue be put in the class with the best improved counties of the State.

It is therefore a matter not only of commercial and business advantage but of pride in local progress that these bonds be voted.

PAY YOUR POLL TAX

Just two more days remain in which you can pay your poll tax for 1920. With the promise of perhaps the greatest political year in history it is important that every qualified voter—male and female, pay their poll tax. It is one of the requisites to citizenship and is the only weapon by which an American citizen can give expression logically to his political views. So why wait or fail to secure this franchise?

Great issues are before the people. Each political party will call for the maximum of support and there is to be enacted legislation both national and local which in the aggregate may prove contrary to the views of the majority if there is not a full and complete showing of voting strength. Line up with the principles of your party and lay the foundation for strength of expression and governmental guidance by paying your poll tax and taking part in the ballot.

It is the duty of every American to help to stabilize this government by the calm, deliberate expression which the ballot judiciously cast, can give. Radical doctrines and obnoxious theories are attacking the government of our fathers and the disturber must be put down once and for all time. The only way is the way of the ballot cast for political principles espoused by party machinery in the country.

Pay Your Poll Tax.

SHIP BY TRUCK

The story of how the automobile and the facilities which have been evolved from it have become the greatest necessity of our modern civilization, is the richest romance of industry.

As in the passing of a generation the railroad and the steamship transformed the whole realm of commerce and industry, so has the automobile enriched every pursuit and given multiplied value to every location.

Great possibilities lie in the development of the truck as a means of transportation in the rural communities, in inter-city haul and short haul routes in the trade territories. The ship by truck, gaining popular favor all over the country is the logical means by which rural transportation will be solved. It has solved in a decade the problem on which railroads have worked for a century—the short haul. Railroads want to get away from the short haul and that is logically the place of the motor truck.

The motor truck is today the most potential unit in our vast system of transportation and its possibilities are so great that they are not understood even by those who have been in intimate touch with its development during the past decade.

It has not only increased efficiency on the farm but it has revolutionized city traffic, has helped the jobber and the retailer to solve their transportation problems. It has builded good roads and will see further service in the development further of both roads and transportation.

THE EXODUS OF TEACHERS

It is announced by Secretary Lane that 143,000 school teachers resigned during the past year to accept more lucrative positions. This is one-fourth of all the teachers in the country during 1914. To say that any business can lose one-fourth of its experienced leaders and remain in as high a state of efficiency is foolhardy.

At this time more than ever the children of this country must be correctly trained, and brought up to respect their country and the authority of the law. Various poisonous doctrines are in the air, and ill-paid teachers are not the best weapons to counteract obnoxious theories.

Public opinion must realize that better money must be paid all teachers in order that better teachers may be secured and held. A school which changes its whole personnel every few years can hardly be successful in the largest sense of the word.

Making money is not the sign of progress, saving it is getting ahead.

The New York undertaker who sold the poisonous liquor was going out of his way for trade.

The trouble with the defeats of the Red army in Russia is that they fail to stop the advances.

Governor Hobby will be requested to call a special session of the Legislature to solve the problem of teacher shortage in the public schools of the state. Recommendations are being made to the executive and the conference by Superintendent of Public Instruction Annie Webb Blanton. Others who are interested in relieving the situation say that \$10,000,000 is needed to increase the salary basis as a means of inducing experienced instructors to remain with the profession. This sum is quite large in view of the present state expenses but no expenditure is too great to spend for the benefit of the children of this state—the men and women of tomorrow.

According to the Association of Clothing Designers the hip pocket in men's trousers will be made smaller and shallower this season. Some say the enactment of prohibition is the cause, men having nothing to carry back there any more. It is now illegal to carry either a revolver or flask, and why have the pocket at all?

The Department of Justice, according to press reports, declare that the recent steel and coal strikers were formulated as a part of the policy of the Reds, who after inciting these, hoped to see them merged into a general strike all over the country, which in turn the Reds hoped to materialize as an opportunity for revolution. The great majority of coal and steel workers would be quick to repudiate any charges of sympathy with rebellion to our present government, but they may have been unconscious tools of these agitators. The experience should be a warning to laborers to investigate thoroughly into the affiliations of those whose advice is taken, in order to avert being cat-paws in a diabolical conspiracy.

FROM FILES OF THE HERALD

Twenty-Fives Years Ago

1895

A bill to abolish the state board of pardons has passed the Senate but will encounter opposition in the House.

It has been learned that Texas has no law governing contested election cases.

The vote in the Legislature on joint ballot for United State Senator stood: Chilton 128; Nugent 23; T. S. Smith 1. The Populist caucus nominated Representative O'Connor of Bexar county, but he declined and recommended that the party vote for Nugent. The vote for Speaker T. S. Smith was cast by Smith of Colorado, a colored republican, who stated that he wanted the honors kept in the Smith family.

The next time the Populists have a meeting in Cameron and their speaker fails to arrive they ought to invite the Herald's editor to address them. We would appreciate the courtesy and would charge nothing for the speech.

Governor Culberson has decided to appoint Gen. L. M. Oppenheimer of Austin on the penitentiary board, vice Jot Gunter, declined.

The gates to the Capitol grounds at Austin are now open and people now have the privilege of driving on all the carriage ways.

The official vote for governor gives Culberson a plurality over Nugent of 54,436, but he lacks 15,549 of a majority of the whole vote.

President Cleveland has signed the bill establishing a light house at the harbor entrance of Galveston Island.

A race fight recently occurred at Flatonia between Mexicans and Africans, in which the former was worsted by numbers.

J. H. Black of Grimes county is inventor of a new plan for perpetual motion.

Rev. G. Carter was robbed of \$143 near Warren, Tyler county, and when found his hands were tied around a tree.

For Pure Mebane Cotton Planting Seed see Stedman & Rogers 39-40 Mrs. Cora Cammer returned home Sunday after a three weeks' visit to friends in Port Arthur, Huntsville and Navasota.

We have several cars of Mebane Cotton Seed.—Stedman & Rogers 39-40 Mrs. Thersia Gartner, familiarly known as Grandma Gartner is much improved from her illness.

Mrs. Hallie Jones Wofford and Bro. Fannin Jones were called to Fort Worth Sunday owing to illness of her son, Jones.

We have several cars of Mebane Cotton Seed.—Stedman & Rogers 39-40 Miss Mary Lake Henderson went to Austin Monday to spend the week with her sister, Mrs. Boyd Wells.

We are glad to report the little three year old child of S. B. McKnight, who lives near Rockdale, able to be moved home after having its eye removed. The operation was performed by Dr. G. B. Taylor, following an infection of ten days.

ENCOURAGE DAIRY PRODUCT SELLING

J. T. PARMA CONCLUDES ARRANGEMENTS FOR SHIPPING OUT FATS

The establishment of a considerable industry is seen in the announcement of J. T. Parma, Cameron business man, that he has just concluded arrangements with a Houston dairy product plant to handle butter fats produced in this territory. In many sections of the State the dairy industry is worth thousands and even millions annually to the producers and with the fine territorial radius serving the city of Cameron and the enthusiasm with which the producers have received the announcement, the production here should be worth a

large sum annually.

Mr. Parma announces that beginning about March first he will pay top market price and cash for the fats.

So far there has been no concerted effort to develop this industry to maximum in this territory and the effort of Mr. Parma is viewed with considerable interest. Now that the spring season is soon to open it is hoped to begin this industry on a broad basis with attractive inducements in market advantages to the producers that will increase the keeping of cows and the production of dairy products.

The matter of shipping butter fats out of Cameron was laid before the Commercial Club at its last regular meeting by Mr. Parma who told of the arrangements having been concluded with the Houston concern. The Club promised all necessary cooperation to increase the value of the industry.

ENTERTAIN OLD FRIENDS

Mesdames Ben and Hubert Atkinson entertained old friends and school-mates for Mrs. W. J. Crocker Tuesday afternoon, Jan. 20, at Mrs. Ben Atkinson's.

The dining room was beautifully decorated with red carnations and red candles and the table was finished with the added touch of Mrs. Chas. McDermott and Miss Vance Herdy, who looked very charming serving tea or coffee. A delicious salad course was served by Misses Winnie and Mary Lake Henderson with the help of the little Atkinson girls. Several pieces were played and songs sang.

PRISCILLA CLUB ENTERTAINS

At her home, last Thursday afternoon, Mrs. S. M. Burns, Jr., entertained the Priscilla Club.

Almost the entire membership honored Mrs. Burns with their presence.

The guests were ushered into the cloak room, and while removing their wraps enjoyed the beauty and fragrance of the pink carnations which were gracefully placed about the room. The library was decorated with red carnations. Gathered around the fire with this bevy of needle workers, admiring, exchanging ideas on needle craft, were eleven additional guests: Mesdames S. M. Burns, Sr., John Dobbins, C. N. Green, W. H.

Henley, T. S. Henderson, William Henderson, O. L. Kidd, W. G. Gillis, H. F. Smith, Jr., Beckerman, and Miss Carey Brown of Staten Island, New York.

Home-made candy was passed throughout the afternoon, and just before the home-going time Mrs. Burns served pressed chicken, nut sandwiches, olives, marshmallow pudding and individual angel food cakes.

KILL KARES AND SIGMA PHIS

The following afternoon the same charming home, all cheery and bright, with the pink and red carnations, was the scene of another merry crowd—the Kill Kares and Sigma Phis.

They, too, brought their needle work and it was hard to tell whether needles or tongues were swiftest, for dispensing with home-made candy delayed the tongues while the needles flew on.

This time, Mrs. Burns' guests were: Misses Rischar, Curtis, Hillman, Carroll, Aetna Smith, and Mrs. Bill Alex Bonds in addition to the regular members.

The same delicious salad course was served with fruit cake.

On the evening of the same day Mr. and Mrs. Burns received a few young people in honor of Messrs. Alexander and Renalds of New York, guests in the home of Hon. T. S. Henderson and family.

The young people had a merry time in ways and means usual to gatherings of the kind.

Those present other than honor guests were: Misses Curtis, Hillman, Ruth Henderson, Winnie and Mary Lake Henderson, Messrs. John Henderson and Joe McLerran.

Mrs. Burns' larder seemed not to exhaust, for these young people enjoyed salad, cake, candy and many other good things to eat.

MRS. GILES AVRIETT

ENTERTAINS

A small party of merry-makers gathered in the pretty little bungalow of Mrs. Giles Avriett on last Friday afternoon for a game of bridge. "Don" received her guests midst a profusion of pink carnations, as is her wont, making every one feel glad to be there.

Two tables were arranged for the diversion of the afternoon with pink carnation tally cards and as each player scored a game she was presented with a pink carnation, and at the close

of the games the one winning high score was presented with a large bunch of the favored flower. Mrs. U. S. Hearrell was the fortunate winner. Mrs. Avriett served a two-course luncheon: chicken salad, fruit salad, sandwiches, salted nuts and pineapple sherbet and angel food cake.

Guests other than regular members were: Mesdames Cottle, Fahrendorf and Miss Beth Jeter.

MISS BRADY GIVES DINNER

Miss Vance Hardy was hostess to an elegant four-course high-noon dinner last Sunday, and was assisted most graciously by her father, Mr. T. F. Hardy and her aunt, Mrs. Mattie Batte.

Seated around the beautiful and perfectly arranged table were: Mrs. Mattie Batte, Misses Winnie and Mary Lake Henderson, Estelle Coleman, Ruth Henderson and Vance Hardy; Messrs. Alexander, Renalds of New York, J. C. Tucker of Garland, Texas, T. F. Hardy and Dr. Elbra Monroe.

Menu

Oyster Soup	Crackers
Roast Turkey	Dressing Celery
Creamed Potatoes	Rice, Olives
Pineapple Salad	
Plum Pudding	Hard Sauce

After lingering, as one would, over this delicious dinner the party repaired to the living room, where pleasant conversation was enjoyed for a time. The party attempted to disperse, but one car refused to move, so a "lingering at the gate" for an hour or more was necessary and thoroughly enjoyed for an accident only adds spice and savor on an occasion like that.

METHODIST MISSION-

ARY SOCIETY

Twenty-five ladies, members of the Missionary Society, met in the parsonage Monday afternoon, Mrs. J. D. Hefley presiding. The hour was most profitably spent in studying the gospel of John. Roll Call was answered with incidents on the life and ministry of this great apostle. The lesson was a review of the first twelve chapters in this book, and was very ably conducted by Mrs. R. H. McIntosh.

At the close of the lesson, Mrs. Key, as hostess, served a delightful refreshment plate.

ESSAY CONTEST IS OPEN TO CHILDREN

GOVERNMENT OFFERS PRIZES FOR STORIES ON PEACE ARMY ADVANTAGES

Uncle Sam is to stage an essay contest for the school children: Here are the Prizes.

Gold medal suitably engraved, to winner of the first prize. Silver medal, suitably engraved, to winner of the second prize. Bronze medal, suitably engraved to winner of the third prize.

In addition, three beautiful silver cups, suitably engraved, will be presented to the winners by Secretary Baker to be carried back home by them as prizes for the schools they represent.

Silver loving cup, suitably engraved, will be presented by Major I. D. Reedy, in command of the Houston Recruiting District, to the winner of the contest in the Houston Recruiting District whether this essay wins one of the national prizes or not.

In addition to these prizes, the three winners of the national medals together with a parent, or guardian, will be given a free trip to Washington, D. C., and return, (railroad fare and all other expenses paid) at which place, on May 5, 1920, the three medals and the three loving cups will be presented to them by the Secretary of War.

Here is the Plan:

On April 19th next, a board of War Baker, General Peyton C. March and General John J. Pershing, will announce to the awaiting juvenile world the names of the three boys and girls who on February 20, 1920, wrote the best essays on the subject: "What are the Benefits of an Enlistment in the United States Army?"

The contest is open to all school children of any grade up to and including high school students. There is no age limit in this contest and the little seven year old girl in Wharton, Laredo or Houston has the same chance of winning a prize as the nineteen year old high school boy of Boston. New York state has many times the number of school pupils that Nevada, yet the chances of producing the winners in each of these state is exactly the same.

The contest is under the auspices of the War Department but the newspaper, "Come-Back," the official organ of the Walter Reed Hospital at Washington, asked permission to purchase the prizes. This permission was granted and the school children are really competing for prizes that were provided by maimed and injured soldiers now at Walter Reed Hospital.

Essays will be written in the classrooms on Friday, February 20, 1920, from notes if desired.

No essay will be more than four hundred words in length.

Pencil, or pen and ink, may be used but the essay will be written on one side of the sheet only.

Essays will be judged strictly on a basis of (1) originally (2) expression, (3) sincerity.

Each school will be the judge of its own product. The principal of each school will appoint a board of three judges to select one essay as the entry from his school. He will then forward the entry, not later than February 27, 1920, to Major I. D. Reedy, Army Recruiting Officer, 100½ Congress Avenue, Houston, Texas.

Major Reedy will appoint a board of three judges to pass on the essays submitted by the schools of his district. One will be selected as the best and will be forwarded to Washington as the District's entry.

From the entries of the 56th districts, into which the United States has been divided for the purposes of this contest, Secretary Baker and Generals Pershing and March will select the three national winners. These winners may be boys or girls of any color, or any age.

Ask your father or your brother to tell you something about our new, democratic peace time army. If they do not know, write to Major I. D. Reedy, Army Recruiting Officer at Houston, for information and literature about the army.

It may mean a free trip to Washington for your mother and you, with a medal for yourself and a beautiful cup for your school and you'll be envied by millions of children. It's the chance of a life-time.

Major I. D. Reedy, 100½ Congress Avenue, Houston, desires to get into communication with superintendents of public instruction, high school principals, superintendents of private or sectarian schools and with all other persons who may be either directly or indirectly interested in the subject and to these he will promptly send the necessary data, literature, etc., to enable prospective contestants to properly prepare themselves.

CAMERON TO HEAR TEMPERANCE TALK

DR. MADISON SWADENER TO SPEAK AT PRESBYTERIAN CHURCH FEBRUARY 5

Dr. Madison Swadener of Indianapolis, is making a speaking campaign in Texas under joint direction of the Anti-Saloon League of America and the Texas League. Dr. Atticus Webb, of Dallas, state superintendent, has made arrangements for the campaign.

Dr. Swadener will speak in the Presbyterian church of Cameron Thursday evening, February 5, at 8 o'clock. Rev. Ira Key is in charge of arrangements, with the co-operation of Rev. MacFadyen. He will speak in the Methodist Episcopal Church of Rosebud Friday evening, February 6, where Rev. A. C. Dunn will be in charge with the co-operation of Rev. B. T. Bell.

Strict and thorough enforcement of all prohibition laws, local, state and federal, will be urged by Dr. Swadener. He will say that it is the duty of the people to back up officials in their efforts at enforcement. Also, he will insist that no candidates for office from President of the United States down to township constable be elected unless they stand four square for prohibition enforcement.

Further, he will tell of the plans and purposes of the World League against alcoholism, of which the Anti-Saloon League is a constituent, for world-wide assault on the liquor traffic.

Dr. Swadener is one of the three men who are speaking in Texas under Anti-Saloon League direction. It is announced that the Texas campaign is part of a general movement of the League in every state in the union for law enforcement, education and Americanization, in the interest of safeguarding prohibition. His meetings are free and women as well as men are invited. Dr. Swadener is said by the League to be one of its best speakers. He is a minister of the Methodist Episcopal Church.

666 quickly relieves Colds and La-Grippe, Constipation, Biliousness, Loss of Appetite and Headaches.

THE AGE OF ELECTRICITY

Your electrical needs are important. Efficiency, Comfort and Convenience depend upon the proper installation of Electrical equipment. Consult an electrician who knows.

R. H. Kennedy and Miss Frank Kennedy were married at the Methodist parsonage in Cameron last Tuesday, January 13, by Rev. I. F. Key, pastor of the church. These young people are both residents of Cameron and their many friends wish for them much happiness and prosperity.

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

Second Hand Automobiles AND FORDS

We have anything from a Ford Roadster to a CADALLAC eight. If you want to buy a car worth the money, see us before you buy. We have many different kinds of cars, and when you have seen them you will agree that our prices are right.

If we haven't what you want, let us try to get it for you. All our cars are in a good mechanical condition—we do not sell them any other way. Come and look. You will find the salesman at Law-Sprinkel Merc. Co.

Henselee-Lyon Co.

The Secret of Success

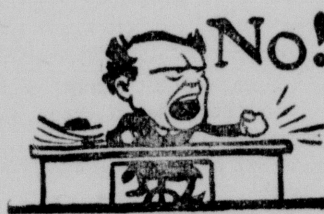

It is not how much you make, but how much you save, that counts for success.

Success is not attained in a day—nor over night.

The surest, safest way to financial success is by years of persistent saving by some well outlined plan. Come in and let us explain our method.

Cameron State Bank

Cameron, Texas

No! The Banker Wouldn't Quit!

When the sawmills moved out of a certain Northern woods town it looked like the finish of business there for everyone—farmers, merchants, banker. But the banker refused to quit. "If I can make dairying and poultry-keeping profitable my bank will make money," said he. The story of his efforts and the money-making prosperity that has come to his community is told in the current issue of

The COUNTRY GENTLEMAN

This bank aims to extend the same sort of service to this community. We should like to know every farmer hereabouts—to help every farmer make money. Come to us with your problems and let us see if together we cannot boost your bank account. As a step towards that prosperity, we urge you to read each week THE COUNTRY GENTLEMAN. What-

ever line of farming you are following—livestock, dairying, poultry, grain, fruit, truck, corn, bees—there is something for you each week in the many pages of the Great National Farm Weekly. If you authorize us, we shall be glad to charge your account \$1.00 for a year's subscription. Or, better still, come in; let's talk it over personally and get acquainted.

Chambers-Hefley Motor Co.
Cameron, Texas

Cam-Hi Weekly News

The first half of the school years of 1919-'20 is over with. The examinations for the second quarter have just been held and every one is starting out on the third quarter with a chance to make good.

All those pupils who have been working hard and putting in the amount of study that should be put on their lessons, are steadily drawing nearer to graduation. If they just keep on working with the determination to do their best they will graduate as soon as they have made a grade each year, and then if they go off to college they will be good pupils there also. And later on in the struggle for a living, which every one has to make, those pupils who worked hard and tried to learn something, will be the men and women who are somebody and who stand for something in the future years.

But those pupils who have failed in several subjects need not and should not give up. The thing for them to do is to make a resolution to go to work, and not only make the resolution but stick to it and make good. Even if a pupil has to be put back a grade, he should not be downhearted

and give up, but should have ambition enough to get up and show what he can do, by becoming the leader of his class in his school work.

The thing that many pupils lack, is encouragement, and the main source of this encouragement is in the homes. In many homes the parents hardly take any interest in the work done by their children in school. They think that if the children go to school, the teachers will make them learn. The teachers are there to teach the pupils if they want to learn, but not to make them learn. The parents, in the homes, ought to encourage the children and attempt to show them the necessity of an education in the combat with the hardships of the world.

The most important thing for a student to remember is, that there is no disgrace in failing, but to lie there and make no attempt to rise, is where the disgrace comes in.

GIRLS' CLUB

The Girls' Club met Thursday afternoon for the purpose of electing officers for the spring term. The officers were selected with care and we feel sure they are competent of filling their various offices and will do their best to please. The girls are striving to bring their club up to the standard this quarter in order that they may receive the half-credit that is to be given at the end of the quarter. After the regular meeting, a cabinet meeting was held for the purpose of discussing some things the club intends to do. It was decided to give a donation to the library sometime soon.

In the regular meeting the following officers were elected:

President	Marie Plate
Vice-President	Frances Hefley
Secretary	Laura Adams
Ch'rman Prog Com.	Agnes Henderson
Treasurer	Minnie Yoe
Ch'rman Social Com.	Grace Mangum
Ch'rman Social Serv. Com.	
	Verna Roberts
Ch'rman Poster Com.	Katy Cone
Ch'rman Publicity Com.	
	Mildred Chambers
Critic	Gladys Harris
Supervisor	Joe Smith

BOYS' LITERARY SOCIETY

On last Thursday afternoon Mr. Crawford called a meeting of the Boys' Literary Club. The object of this club is to develop the ability, among the boys, of making public speeches. Great enthusiasm is being displayed among the members. Mr. Crawford explained the advantages of the course which is to be given, stating that public speaking would help any one, no matter in what profession he enters, but warned the boys that to gain credit for the course or to receive any good from the same, a great deal of work would have to be put forth by the recipient.

Mr. Crawford outlined the course to be given, and distributed the books, which are furnished by the State.

Mr. Crawford is to have charge of the debating department and Miss Williams the declamation department.

Miss Williams told the club that if its members thought they were going to have a picnic, they were mistaken and assured them that if they did not work and work hard, they would fail to get the training which will mean so much to them in later life.

SCIENCE DEPARTMENT

HAS MORE MATERIAL

The Science Department of Cameron High School has just received a be-

lated shipment of apparatus and material.

The Department has been very much hindered in its laboratory on account of the limited supply of material, but with the addition, the members of this department hope to get along fairly well.

Material has been hard to get. Last June Mr. Crawford, Instructor in Science, made an order for Scientific material, fully expecting it to arrive by the first of September. But it did not arrive until October, when a small shipment was received, and the remainder of this material did not arrive until a few days ago.

EXTRA

Be sure to keep your eyes on the Cam-Hi Weekly for news from the Science Department, concerning the utilization of wind power.

On account of bad roads and the overflowing of the rivers and creeks, many of the students who come in from the country to school have been unable to attend for the past few days.

WANTED

A pony to ride with.—Caesar McGehee.

Nominations for club officers.—Louise Denson and Velda Walker. Anybody who has any surplus grades, please see us. We would like to borrow a good supply this quarter. Will give our notes, payable at a good rate of interest, at the end of next quarter.—See Geometry 10.

Some one to memorize "The Gold Bug" by Poe.—Robert Massengale.

Some midnight oil to be used exclusively on Physics.—Physics Eleven.

Some second hand seventh grade books.—The Fish.

WEEKLY EXPLOSIVES

THE CAM-HI WIDOW has been despondent for the last few days. The library has been closed, and she has had no medium through which to pass notes.

MRS. SOLOMON SAYS that since the examinations she hardly knows whether some of the Seniors are going to be College Fish or High School Seniors next week.

JOKE EDITOR

In Algebra, Mr. Cameron to John Hood: "John, throw your gum away."

John: "It's not gum. It's candy." Mr. Cameron: "Then put that candy away."

Johnnie: "I'm putting it away."

Fitz, as the clock strikes twelve: "Verna, is that an eight day clock?" Verna: "Sleepily: "Just wait a while longer, and you will find out."

Miss Ball, in English: "Take from page 374 to (the) Dickens."

Mr. Work, in English: "Yes, this is a good text book. I studied it in college."

Jennie Little: "Gee! I didn't know

MRS. SARAH F. TURNHAM DEAD

Mrs. Sarah F. Turnham, aged pioneer of Milam county and for many years residing in the city of Cameron, died near Gause Sunday, January 25. The funeral was held in Cameron Tuesday at the home of Matt B. Bailey and interment was made in the McCown cemetery east of Cameron. Funeral services were conducted by Rev. R. E. Roberts, pastor of the Christian Church, of which deceased was a member.

Mrs. Turnham came to Texas many years ago. She was born in Clay county, Missouri, October 30, 1839, and at the time of her death was 89 years old. She had resided in and near Cameron practically all the time since she came to Texas in 1861. She was married to R. C. Turnham of Cameron, June 14, 1865.

She is survived by two sons, T. D. and W. R. Turnham, and grandchildren, N. B. Turnham, J. C. Turnham, Mrs. Vergie Pylant, Mrs. Oscar McAnally, Jack Turnham and Colie Turnham. She was an aunt of Mrs. Matt B. Bailey of Cameron.

The death of Mrs. Turnham marks the passing away of one of the loved pioneers of the county and of the State and her demise is mourned by hundreds who knew her.

BAPTIST CHURCH

Regular services will be held Sunday at the Baptist church and are as follows:

Sunday School, 9:30.
Sunbeams, 3:00 p. m.
Senior and Junior Unions, 6:30 p. m.

Morning and evening services 11 a. m. and 7:30 p. m. respectively.

The pastor urges that every member of his congregation be present at the morning service as he has a special message for his membership. B. B. BLAYLOCK, Pastor.

this book was that old."

ODE TO MANKIND

His heart was cold and hard,
And he knew not what he said;
His head was like a card,
And his brains were made of lead.

Her heart was light and gay,
And her head was full of sense.
But that's a woman's way,
And men are dull and dense.

—V. W.

SUPERINTENDENT TALKS

TO THE HIGH SCHOOL

Monday afternoon, Superintendent Kidd talked to the High School students on the theme: "Each man pulls his own string." He brought out a number of ideas to the effect that each student must make his own way through life, and that this is a preparation. Before the talk began the school sang: "Praise God from Whom all Blessing Flow."

PRESBYTERIAN CHURCH

We are going ahead with our preparations for our meeting. Remember that we are to begin the 8th of February and Dr. W. R. Minter, of Austin, is to come to us on the 9th, and go on with the preaching. It will not be a long meeting, so make your plans to begin with us and go through

At the meeting of the Synods Managers in Dallas last week it was decided to put off our spring canvasses till the last of April, this to co-ordinate our work with the Inter-Church World Movement, which puts on a campaign at that time. This is a plan, originating in our church, by which all Evangelical Christians shall work, and plan together that the world may be brought to Christ, and we believe in a closer co-operation of all Christian forces.

One of the greatest conventions in the religious history of Texas is to take place, probably in Dallas, Feb. 17, 18, and 19. This is a conference, under the auspices of the Inter-Church World Movement, of all the pastors of Texas. The railroad fare will be paid by the Movement, and every Evangelical pastor in Texas has been invited. We predict that this is going to be a wonderful meeting. H. R. MacFADYEN, Pastor.

C. E. Ramsey of Houston, Ford service traveling representative, was in Cameron Tuesday with the Chambers-Hefley Motor Company. He was here in the interest of service methods of the Ford dealer, returning Tuesday night to Houston.

Just received an assortment of Wear-Ever Aluminum Cooking Vessels.—Henne & Meyer, Co. It.

HAD IT EVER OCCURRED TO YOU

You do just four things; you think, you remember, you imagine, you act. When you learn to think better, remember better, imagine better, or act better, you increase your efficiency, and, therefore, your income. Perhaps you are very successful now, but how much benefit will a practical business education be to you. You will agree with us that to violate a part of the laws of business means partial failure, and to violate all the laws means complete failure. You are also aware that to observe part of the laws of business means partial success, and to observe all the laws means complete success. Our aim is to help you observe a higher per cent of the laws of business success. The late Jrof. James of Harvard declared that the average man uses only ten per cent of his brain power. Suppose you are twice as capable as the average man? Even that would mean you are only twenty per cent of your maximum possibilities. The purpose of our course is to produce a greater efficiency with less effort. Did you ever stop to think that eighty-four per cent of the men of this country are earning only \$18 per week or less? That ninety-two per cent fail in business between the ages of 40 and 50? That ninety-five per cent have no money at the age of 60? We have been very successful in getting men out of the eighty-five, the ninety-two and the ninety-five per cent class. Let us increase your salary. We have been marvelously successful in raising salaries, as is conclusively proven in our catalogue by the letters from former students. The business world wants thinkers and doers. There's a famine of high priced men today; there are thousands of men worth a thousand dollars a year, but only a few worth ten thousand a year. Be the latter kind of a man, you can if you will. We know that a man is not worth much from the chin down, selling muscle, but as high as a hundred thousand dollars a year from the chin up, selling brains. Be a chin upper and sell brains; but remember you must get them before you can sell them. Take our thorough practical courses of Bookkeeping, Shorthand, Cotton Classing, Business Finance and Telegraphy; learn how to think, to remember, to imagine, to act. We can teach you and will therefore greatly increase your usefulness throughout life.

Our large catalogue is free for the asking. Fill in and mail the following back at once.

Ed Balhorn is suffering from the "flu."

Charlie Hamilton, of Columbus, Tenn., who was visiting in the home of Judge and Mrs. Ed F. English, left Monday for other Texas points.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Cameron people recommend Doan's stronger proof of merit?

Ask your neighbor.

Melvin Weems, E. 2nd St., Cameron, says: "My kidneys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change in the weather, my kidneys would bother me by acting too freely. There was a sediment in the secretions and they smarted and burned in the passage. My back got lame, and the muscles all through me were lame and sore. I had taken all kinds of medicines but didn't get any help at all. I called on the doctor here for advice and he told me to take Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kidneys have been strong and in good shape since then. I very gladly endorse Doan's Kidney Pills."

NOTICE OF ROAD BOND ELECTION

THE STATE OF TEXAS,

County of Milam.

On this the 16th day of January A. D. 1920, this Court being in regular session came on to be considered the petition of Monta Thomas and 309 other persons praying that bonds be issued by Road District No. 2 of Milam County, Texas, in the sum of \$25,000, bearing 5 per cent rate of interest maturing serially not to exceed 25 years from date thereof for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes or in aid thereof.

And it appearing to the Court that said petition is signed by more than 50 of the resident property tax paying voters of said Road District No. 2 of Milam County, Texas. Said Road District No. 2 having been established by an order of the Commissioners' Court of Milam County, dated the 27th day of July, 1911 of record in Book 5, Page 49 of the minutes of the Commissioners' Court of Milam County, Texas, within the following metes and bounds, to-wit:

Beginning at the mouth of Elm Creek where the same empties into Little River; Thence up said Creek to a point opposite west line of the James Hall League; Thence S. 19 W. with the west line of said James Hall League to Little River; Thence down said Little River to the mouth of San Gabriel River; Thence up said San Gabriel River to the northeast corner of the T. J. Chambers League; Thence with the east line of said T. J. Chambers League S. 19 E. to the north line of the Bethlehem voting precinct at the Mrs. Edwards place; Thence in an easterly direction with the north line of the Bethlehem voting precinct to the northeast corner of said voting precinct in the north line of the Sandy Creek voting precinct; Thence in an easterly direction with the north line of Sandy Creek voting precinct to the west line of Justice Precinct No. 3 at the old residence of George Penny; Thence in a northerly direction with the west line of Justice Precinct No. 3 along present Cameron and Caldwell road to McCown Bridge on Little River; Thence down said River to Elm Creek to the place of beginning.

It is, therefore, considered and ordered by the Court that an election be held in said Road District No. 2 of Milam County, Texas, on the 24th day of February A. D. 1920, which is not less than 30 days from the date of this order, to determine whether or not the bonds of Road District No. 2 of Milam County, Texas, shall be issued in the amount of \$25,000 bearing 5 per cent rate of interest, and maturing serially not to exceed 25 years from the date thereof; and whether or not a tax shall be levied upon the property of said Road District No. 2 of Milam County, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in a newspaper published in said Road District No. 2 for 4 successive weeks, before the date of said election, and in addition thereto there shall be posted notices of such election at three public places in said Road District No. 2 of Milam County, Texas.

Said election shall be held at the following named voting places and the following named persons are hereby appointed managers of said election:

Cameron, George T. Graves, Manager.

Curry, F. A. Durni, Manager.

Salem, J. D. Nisbett, Manager.

Ad Hall, J. H. Scarbrough, Manager.

Elm Ridge, J. C. Brashear, Manager.

Rice School House, Sam Nicholson, Manager.

Minerva, Oia Aycoer, Manager.

All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Cameron voting precinct shall cast their votes in said election at Cameron.

All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Curry voting precinct shall cast their votes in said election at Curry.

All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Salem precinct shall cast their votes in said election at Salem.

All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Ad Hall voting precinct shall cast their votes in said election at Ad Hall.

All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Elm Ridge voting precinct shall cast their votes in said election at Elm Ridge.

All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Rice School House voting precinct shall cast their votes in said election at Rice School House.

All property tax paying qualified voters residing in Road District No. 2 within the boundaries of Minerva voting precinct shall cast their votes in said election at Minerva.

Said election shall be held under the provisions of Article 627 to 641 inclusive, of Chapter 2, Title 18, Revised Statutes 1911, and as amended by Chapter 203, Acts of 1917, and only qualified voters who are property tax payers of said Road District No. 2 of Milam County, Texas, shall be allowed to vote, and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment therefor."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment therefor."

The manner of holding said election shall be governed by the laws governing general elections in this State.

A copy of this order signed by the County Judge of said county shall serve as a proper notice of said election, and the County Judge is directed to cause to be published in a newspaper published in said Road District No. 2 of Milam County, Texas, for four successive weeks next preceding such notice thereof at three public places in Road District No. 2 of Milam County, Texas, for three weeks prior to said election.

A true copy I certify.

38-4t W. G. GILLIS,

County Judge, Milam County Texas

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

PHOTOS OF GRAVES SENT TO AMERICANS

VIEWS OF MOUNDS IN FLANDERS FIELD GRIM RELIC OF WAR TO MOTHERS

Washington, Jan. 28.—After a month of preliminary work the American Red Cross is now engaged in fulfilling a last obligation to the American fighting men who fell in the World War and to their families. To the relatives of each man whose body now rests overseas, as far as humanly possible, there is being sent a photograph of the grave of their soldier boy as a keepsake of him and enduring memento of his part in the struggle for Liberty.

Ever since casualties among the American forces began to occur Red Cross photographers working with the Graves Registration Service of the Army have been systematically making individual photographs of every identified grave. The photographs have now been assembled at National Headquarters of the Red Cross where the Department of Communication staff is painstakingly checking them over and forwarding them, enclosed in suitable covers bearing inscriptions of the name, rank, organization and resting place of the soldier, to the next of kin, according to the latest information in the possession of the War Department.

From beginning to end the Red Cross is working entirely under the supervision of and according to the regulation of the Graves Registration Service and every possible precaution is being taken by both the Army and the Red Cross to insure the 75,000 photographs reaching the families of

those to whom they mean so much. Accordingly neither time nor expense is being spared to discharge completely this obligation the Red Cross undertook for the soldiers and their loved ones.

Three copies of each photograph are being forwarded to the next of kin as designated in the best available Army records. No application by the family for these photographs is necessary and they cannot be purchased. It is suggested that when additional copies are desired by the family or for friends the recipients of the originals have the extra copies made by a local photographer.

The Red Cross has no share in the registering of or care of the graves or the final disposition of the remains of soldiers. All questions bearing on these matters should be addressed to Col. Charles C. Pierce, Chief, Graves Registration Service, War Department, Washington, D. C.

RANGERS TO ENCAMP ON DISPUTED OIL TERRITORY

Wichita Falls, Texas, Jan. 28.—Twenty-five Texas rangers armed with rifles left Wichita Falls at 11:45 this morning for the oil fields.

They are making the trip by automobile. It will require about two hours for them to reach the field, on account of the bad condition of the roads.

Sam Sparks, Texas claimant to part of the territory involved said the ranger would take possession of the disputed territory and that no resistance was expected on the part of the Oklahoma officers.

County Engineer A. F. Mitchell was in Burlington Tuesday attending a meeting of the citizens who are planning a road bond election in the Burlington district.

BELIEVE EXHIBITION GAME IS ASSURED

COMMITTEE RECEIVES TERMS
FROM BRANCH RICKEY AND
WILL BEGIN WORK

With the receipt of a letter from Branch Rickey, president and manager of the St. Louis Cardinals of the National League, giving the terms on which an exhibition game can be staged here with the Philadelphia Athletics of the American League on their way to the Brownsville training area, a definite plan is at hand on which to stage the game.

This letter was received in Cameron early this week by Will Triggs, chairman of the committee which is made up of himself, Monta Thomas and F. S. Lesovsky from the Commercial Club. Following the receipt of the letter which was read before the Commercial Club at its last regular meeting the committee got in touch with Mr. Rickey relative to terms.

The letter received asks a guarantee of \$1200 for the game. Mr. Triggs, Mr. Thomas and Mr. Lesovsky believe the amount can be raised and will proceed to solicit the required number of fans in Cameron.

It is planned to get a guarantee of \$1000 for ten games to be staged in and near the training camp at Brownsville and the Cameron game will be staged as the clubs are on their way down to the training center.

The Cardinals are getting a guarantee of \$1000 for ten games to be staged in and near the training camp at Brownsville and the Cameron game will be staged as the clubs are on their way down to the training center.

The dates on which these games can be scheduled are given by Mr. Rickey as March 29, 30 to 31st. Either of these dates are satisfactory to the committee and when it is determined if the financial guarantee can be raised Mr. Rickey will be notified and the date set.

The proposal has caused a big lot of interest among fans of Cameron who wish the opportunity to see the big stars in their war paint do the major league stunt on local grounds. The clubs will present the battle guard as in midseason splendor and some of the world's most famous diamond stars will be seen in action.

The Athletics will be under the personal supervision of veteran Connie Mack and the Cards will be under the supervision of Branch Rickey.

The matter will be laid before the Commercial Club Friday night for final discussion.

HEALTH SURVEY IS COMPLETED TODAY

CONDITION OF HEALTH GOOD
SAYS DR. HOWELL OF BOARD
OF HEALTH

Health conditions obtaining in Cameron are good according to the facts shown by the indexical survey which is being completed today by Dr. A. L. Howell of the State board of health. Dr. Howell has been in Cameron for the past three weeks making this survey in co-operation with local physicians and City Health Officer Dr. Townsen and the city commission.

"I wish to compliment the people of Cameron," said Dr. Howell, "for the interest they have shown in making health conditions here good, and thank them for their co-operation in every way while making this survey. I wish to thank the city council for its co-operation and the co-operation of the city health officer."

Dr. Howell expects to leave Cameron Friday afternoon for Thorndale where he will conduct an indexical survey similar to the one he is concluding today in Cameron. When Dr. Howell has concluded at Thorndale the work all over the State will have been practically ended as far as the indexical survey is concerned.

All necessary recommendations for better health methods will be made to the State Board of Health. With this work well under way and the anti-malaria campaign Texas should be able to rid itself of much of the prevalent malaria and other similar conditions by the beginning of spring and summer.

In practically every respect Cameron is up to the average of towns in this section of the State, and the finding of this condition is very gratifying to Dr. Howell and the State Board of Health.

BAPTISTS GIVE RECEPTION FOR PASTOR AND FAMILY

On Tuesday afternoon from three to six o'clock the congregation of the Baptist church gave to Rev. and Mrs. B. B. Blaylock a reception of a two-fold nature—a house warming for their new home and a celebration of the 25th anniversary of their wedding.

The entire home of seven rooms was decorated with pink and red carnations and a warm welcome awaited all at the appointed hour.

The guests were met at the door by Mrs. William Henderson, and passed on to the sitting room where their beloved pastor and his wife received them and were made happy by words of love and appreciation.

Throughout the entire afternoon music was furnished by the Edison, interspersed with selections for the piano by Misses Katie Cone and Lillie Kate Beckerman, a song by Miss Walker. Two readings were given, very appropriate to the occasion, touching the hearts of all, one by Mrs. M. G. Cox, "That Old Sweetheart of Mine," another by Miss Hillman, "Sweethearts Forever."

The dining room was a bower of beauty in pink carnation and fern. Seated at a perfectly arranged and decorated table were: Mesdames Lloyd Mitchell and Simmie Burns—the one pouring tea, the other coffee—while Misses Opha Blaylock and Clara Thomas served. All these ladies were in handsome evening gowns, Mrs. Lloyd Mitchell wearing a handsome Paris gown brought her by her husband who has only very recently returned from overseas. Chicken salad, sweet pickles, pink and green mints, and salted nuts were served. And those deserving prominent mention were the "kitchen force," for it was said that the chicken salad was unexcelled. These were Mesdames Beckerman, George McGhee, S. M. Burns, Sr., George A. Thomas and George Mangum.

Mrs. Cottle presided at the Guest Books and hundreds of Rev. and Mrs. Blaylock's members and friends inscribed therein.

Before leaving the guests took a survey of the entire new home they had prepared for the pastor and family and can well be proud of their interest and love.

The reception continued from six to eight o'clock for the young people and business men.

This was principally converted into a B. Y. P. U. stunt party which produced much merriment.

Seated in the dining room this time were Misses Ruth Henderson and Opha Lee Blaylock, and serving Misses Estelle Coleman and Lillie Mag Jeter.

The Board of Deacons presented their beloved pastor and his wife with a set of sterling silver knives and forks with a pledge of a golden set on their fiftieth anniversary.

The Herald and their many friends hope they will get the golden set.

Messrs. Alexander and Renald of New York, are visiting in Austin this week before their return North.

IT PAYS To Invest Wisely

THE Oil Industry in Texas is rapidly reaching the zenith of its power. Every day the Big Companies are attempting to throttle the oil production and get control of the Fields. The strides that the Independent operators and Small Companies have made have been marvelous. There have been a few Good Opportunities to make Big Stakes on a small amount. There was the Fowler, The Texas Chief, The Colconda, then the River Deals and the Big Deep Stuff at Ranger. Then came the Royalty Stage. The Sensational opening of Eastland County, the "Wild-Catting" in Central Texas, then the almost unbelievable Development at Homer, and lately the Development in Duval County, and the turn of the Wheel to the Amarillo District

AND THEY HAVE ALL BEEN GOOD ONES.

Now We Really Have the Next Big Sensation in the Field at Tracy and our structure at Maysfield--- Here We have another Damon Mound, Another Homer, Another Burk.

The Gold Days of "Forty-Nine" the Silver Tales of the Old Bonanza Kings in Colorado made meager profits compared to the millionaires who have "Mopped Up" in Texas oil.

3800 ACRES . . . \$200,000 CAPITALIZATION . . . SHARES \$10.00

Our leases are in Milam County. We have 249 acres in Tract Number One at Tracy. This lease is located nine miles southwest of Cameron on the Tracy road. We are in the Heart of Tracy Shallow Field. We have three producing wells on this tract. We struck more oil and sand in these wells than in any of the fifty or more shallow wells that have been drilled in this field. We feel sure that these wells when properly handled will make twenty-five barrels. We know we have a fortune for our Company on this shallow production.

Tract Number Two is three miles west on the same structure, consists of 741 acres on the same structure and is in line for oil.

Tract Number Three. Three Thousand Acres at Maysfield. These leases are located ten miles north-east of Cameron, Texas, in Milam County. **HERE WE HAVE ANOTHER DAMON MOUND.**

This land is rich in Oil Seepage. And with its present and potential Development Program the Earnings of the Company from this lease should be not less than \$15,000,000. Even though it be admitted that this is Extreme Optimism **YET YOU WILL LIVE TO SEE THIS IS RIGHT.**

Now, my dear friend, if you have no faith in YOUR heart, if you do NOT believe in history and facts, if you have absolutely no sporting blood in your veins and are absolutely devoid of all human hope THEN you should not buy our stock. Better invest your money in a three per cent savings bank and smoke three for a nickel cheroots the rest of YOUR life, for IT DOES TAKE A LIVE ONE TO BUY STOCK.

There are those who will tell you a tale of woe, but somehow the WELLS KEEP COMING IN. The light of common sense and the hard ring of common dollars helps us all to the Day of Dividends and Big Profits.

Distinction in stock like distinction in automobiles is very necessary to those who succeed in oil. Tracy is an Investment in Proven Territory and the next big development of the State of Texas.

The SHREWD OBSERVER who "looks before he leaps" and who wants to get the greatest return for his money will invest in shares of the Tracy-Maysfield before he GOES ANY FURTHER.

Because he knows the difference between an Investment in Oil and a "Flier" at the "Oil Game."

Oil Men Know the Best End of Geology Is Production

How Much Do I Stand to Make Asks the Investor?

You ought to have a prorata share in \$25,000,000 when the leases are fully developed. The Company is Capitalized for \$200,000. Take your pencil and FIGURE IT OUT FOR YOURSELF. ONE SHARE FOR \$10.00 will make you how much? Isn't it a hundred to one proposition?

But the First Men In the Field Get the Profits

There is no Safer Way, No Saner Way for YOU to Join with Us than to Send In Your Application.

CAMERON POST OF LEGION TO MEET

ADJUTANT HENDERSON SENDS LETTER TO MEMBERS ON MATTERS OF INTEREST

An important communication is being mailed out to members of the American Legion Post No. 9 of Cameron by Adjutant T. S. Henderson, Jr., and Assistant Adjutant, A. G. Woody, relating to the American Legion magazine, and matters of interest to the members of the post, and also to announce a meeting of the Post on Sunday afternoon, February 8.

The letter which is being prepared is produced for the benefit of Legion members in today's Herald as follows:

January 26th, 1920.

Dear Comrade:

You no doubt have enjoyed reading The American Legion Weekly, and have found many other advantages in

your membership in The American Legion. In order that you may continue to receive the Weekly and enjoy other advantages of membership we must call upon you for some assistance.

At the National Convention, which met at Minneapolis, Minn., last November, it was decided that the fiscal year of the Legion should run from October 10th to October 10th, and that the State and National dues should be \$1.25. Consequently, if you joined The American Legion before October 19th, 1919, your dues are renewable for the sum of \$1.25; and if you joined after October 10th, 1919, your dues for the remainder of the year will be 75c. When your new dues are paid you will receive both The American Legion Weekly, (the National publication), and The Legionaire, (the monthly publication of the Texas branch), for the year. The Weekly alone is worth the whole price.

Cameron Post No. 9 has been supported so far by voluntary contributions from its members and their friends; but we feel that the time has

now come when we should be self-supporting, and for that reason we have placed the local dues at the sum of 75c a year. This amount will go to pay for stationery and supplies, and to create a fund to be used for a big show when we have our annual get-together meeting next November. The expenses of our fine club-rooms in Cameron will be otherwise provided for, and the local dues will not be applied to that purpose.

Now, don't put this off till tomorrow, but sit down now and send stamps, check, change or money order to The American Legion, Cameron, Texas, for \$2.00 if you joined before October 10th and for \$1.50 if you joined after that date. On receipt of your dues we will mail you a handsome membership card showing that your year's dues have been paid up. This card will be your introduction wherever you may find a Post of The American Legion. It alone is worth the price.

If you have had any trouble about your War Risk Insurance, allotments, back pay, or bonus, or any other trouble connected with your army experience, write or call the Adjutant of Cameron Post No. 9, and he will help you out of your troubles. If you have dropped your War Risk Insurance, let us know and we will send you some valuable information, and if any insurance agent has tried to persuade you to exchange your government insurance for "old line" insurance, please let us have full particulars. It has come to our notice that some insurance agents have made misrepresentations to ex-service men about their insurance, and we want to get at the bottom of the matter.

There will be a very important meeting of Cameron Post No. 9 on Sunday afternoon, February 8th, at Legion Hall in Cameron from 3:00 to 5:00 p. m. Something to smoke and something to eat will be passed out. Don't miss it.

Be sure and send in your year's dues right away.

Yours for 100 Per Cent Americanism.

Don't fail to see the first episode of "The Invisible Hand" and follow it through the fourteen succeeding pictures. Greatest serial ever screened. Wonderland Theater, Saturday, January 31st.

American Beauty Flour for cake baking.—Giles L. Avriett.

A DELAYED MESSAGE

To all concerned:

I have recently received a little note from one of my old life-long friends, Jones Martin, now temporarily located at the Capitol City, who began life and grew to manhood in Milam county, whose father, a noble grand old gentleman, now many years gone to his final reward, was one of the early pioneers of this county. The note only mildly reprimands me for an apparent neglect of duty in not observing the usual business and social formalities of the Holiday Season by "publicly exposing" my grateful appreciation of the good will and liberal patronage of my friends and the public generally of the past year and with best wishes and a happy prosperous new year for all, hoping these happy conditions will continue ad infinitum, etc., etc.

He is kind enough to express a personal disappointment at the "non-appearance of this item" in public and insists that I make the amends honorable at this late day, giving me carte blanc to scatter ink over as much paper as I choose at his expense in The Herald. This seems like a criminal waste of print paper when it so scarce and high that many publications are failing for the lack of it, but "Jones" pays the freight and Ische Bible. He hardly realized what he let himself in for by his kindly offer, for scribbling with me is something like some of these Texas wet weather spells, when they get under good headway—the supply seems inexhaustible. For instance, the one we have on now has been running about two years and one of the heaviest rains during the whole time is falling as I write.

No, Jones, this little matter was not exactly an oversight. I thought about it at the time. As I grow older however, am gradually dropping off many old customs and habits—especially those requiring physical or mental effort and non-essential, and had figured this one in that list—which was possibly a mistake.

My friends and the general public have always treated me kindly and I took it for granted that the mere formality of reiterating how much this kindness was appreciated was unnecessary.

I had given up the toy business, quit playing Santa Claus, the game strenuous, so I had nothing special to advertise, all of which accounts for the "item that was missing"—and perhaps neglected obligation. Don't

get the impression, however, that I am anything like a "down and outer" or back number, so to speak, for I am still "on the job." My business the year was one of the best I ever had (thanks again to the good people and friends who so liberally contributed their patronage) and the new year starts with bright prospects of even better results, as I hope it does with all of you.

In a few days I will arrive at my 70th mile post, the three-score and ten limit allotted us in the original scheme of things for active life duties, but by reason of strength and the Lord's kindness I hope to go beyond that limit indefinitely. But be the time long or short I hope the same good fellowship, good will and mutual kind feelings will continue to exist and abide to the end between you and

Yours truly,
J. M. TUCKER.

Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, Eprains, etc.

THE COMMUNITY TRUCK PAYS

College Station, Jan. 28—In reporting to the Extension Service A. and M. College of Texas, County Agent W. L. Stallings of Harris County says: A director of the local society located at Katy of the Houston District Dairy Farmers Co-operative Society, reports that the organization is working a revolution in that community; that their community truck not only paid expenses, but cleared \$126.00 for the association the second month, and that a large number of people who some cows, but were not marketing milk, now have a weekly income of from \$25 to \$30, whereas they had no cash income at all three months ago. He predicts that the result of this association's work will largely change the type of farming in this district.

I have 120 acres of land, part in bottom and part hill land that I want to rent, third and fourth preferred.—R. L. Batte.

BIG OIL OPERATOR LOOKS OVER FIELDS

K. M. JOHNSON WITH SYNDICATE
VIEWS MILAM STRUCTURE
WITH INTEREST

Representing a Fort Worth Syndicate and on the lookout for new oil structures of a prominent type, K. M. Johnson whose home is in Tulsa, Oklahoma, has returned to Cameron after a consultation with leading men of the oil industry with whom he has been associated for a number of years.

For some time Mr. Johnson and his associates have been trying to secure a drilling contract on the Maysfield holdings of the Tracy-Maysfield Oil & Gas Company. It is the consensus of opinion among several big operators that these holdings are among the choice locations in the big field that is to be brought in in Milam county.

So far no contract has been closed for any drilling from this syndicate but it is expected that they will soon start operating in sections of land in and near these fields.

Cameron and Milam County has been visited by a large number of oil men during the past two weeks and there has been awakened considerable interest all over the State in this territory. Eyes of operators are turning to Milam county on account of the announced plans of development and on the strength of showing in shallow oil which have been made here during the past two years.

There is every indication that this county will soon see the greatest development campaign of its history.

WELL NEAR RISING STAR REPORTED FLOWING BY HEADS

Eastland, Texas, Jan. 28.—A report received from Rising Star today is that the well Foster and others are drilling on the W. T. Hilburn tract, four miles northwest of that place, is flowing by heads better than 2,925 feet. A showing of oil and gas was obtained at better than 2,750 feet in this well, which is important in that it is the first of the wildcat operations in the southwestern part of Eastland County to get results. Four miles east of the Hilburn tract E. W. Powers and others are drilling at better than 2,800 feet on the Hill tract.

The Mid-Kansas Oil and Gas Company has struck the Caddo lime at 3,275 feet in its C. J. Harrell well, seven miles northwest of Eastland. It should reach the big pay at about 3,685 feet. The well is located near the top of a fan-shaped structure separate and distinct from the Gunsight structure, several miles northwest of it. Geologists and explorers have known of its existence for several years.

The Mid-Kansas well is being watched with interest because the indications are that it will prove the existence of big production in an area covering about eight square miles and extending north into Stephens County and west into Eastland County from the Harrell tract.

WILL TEACH AT BAYLOR

Mr. W. J. Walker, who has worked so faithfully and efficiently in the Cameron Public School for the past twelve years, will teach this year in the Summer School of the Baylor University. This speaks well for Mr. Walker, since it is his second summer there. He has been a great factor in the Cameron School, filling a responsible position, and he well deserves the confidence of the Baylor people.

Screen patrons are in for the treat of their lives. See "The Invisible Hand" the super serial at the Wonderland, beginning Saturday, January 31st.

CITATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to summon George Mitchell by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court in Milam County, to be holden at the court house thereof in Cameron, on the 1st day of March 1920, the same being the 1st Monday in March 1920 then and there to answer a petition filed in said court on the 22nd day of January 1920, in a suit numbered on the docket of said court No. 8123, wherein Lillie Mitchell is plaintiff and George Mitchell is defendant, said petition alleging: The Statutory Grounds of Three Years' Abandonment.

Herein fail not, but have before said court on the said first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this 22nd day of January, A. D. 1920.

PENN WOLF

Clerk of the District Court Milam County, Texas.

FABULOUS PROFITS ARE PAID TO INVESTORS IN OIL STOCK IN TEXAS

The United States Oil Company, Fort Worth, Texas, recently negotiated a transaction with the Dominion Oil Corporation, a subsidiary of the Middle States Oil Corporation, of New York, wherein it will receive \$450,000 for its holdings in Block 74 of the Burk Burnett field. The stockholders of the United Company have been paid, up to the present time, 150 per cent in dividends, and those those persons who held stock in this company originally will realize 1,150 per cent on their investment, through the consummation of this recent deal, within less than one year's time.

\$58,000,000 OIL-GAS PIPE LINE PROPOSED

WOULD EXTEND FROM WICHITA
FALLS VIA DALLAS TO
ATLANTIC COAST

Shreveport, La., Jan. 28.—Officials of the United States Producers Refining Company have announced that plans are rapidly maturing for the construction of parallel oil and gas lines from production at Wichita Falls and in Louisiana to deep Water on the Atlantic seaboard, the lines involving an expenditure of \$58,000,000 to be raised by bond issues through New York and London connections. The plan, as outlined by E. W. Hartman, president, is to start from Wichita Falls, run through Fort Worth and Dallas, due east to Shreveport, thence through Vicksburg, Meridian, Jackson, Montgomery and Columbus, and from there either to Charleston, S. C., or Savannah, Ga. It is also planned to erect casing-head gasoline plants every 200 miles along the line, and it is also planned to furnish towns and cities along the route with gas for fuel and industrial purposes and for electric power.

The oil line, under the plans announced, will tap the Burk Burnett, Homer, Bull Bayou and DeSoto oil fields, and the Caddo and Monroe gas fields.

It is expected that valuable connections will be made in Dallas and Fort Worth for the gas line.

RAISE MORE HOGS

The farmer who grows ten acres of poor cotton and, at the end of the year, owes it all for hog and hominy, doesn't put much money into the bank.

The farmer who grows five acres of good cotton and raises corn and hogs to feed his family on the other five can, at the end of the year, bank his cotton as clear profit.

He's the farmer the American Cotton Association stands for—the farmer this newspaper wants to see more of.

The American Cotton Association encourages diversified farming instead of the old all-cotton system, so that every cotton farm in the South may become self-sustaining through the production each year of ample supplies of food and food crops.

In the issue of The Country Gentleman dated January 31st, there is an article based on the policy of the American Cotton Association, in which every Southern farmer, merchant and banker will be interested. It is called "Cotton—and Hogs." There are five other articles in the same publication about the new freedom of the Cotton South, all of which you should read.

Cotton—and Hogs will make money for all of us in the South—and will make every bank account fat.

U. S. PRODUCED 69 PER CENT OF WORLD'S OIL IN 1919

Washington, Jan. 25.—The United States produced 69 per cent of the world's output in petroleum during 1919, according to an announcement from the Geological Survey. The estimates for 1919 are not yet available. The United States' production for that year was close to 356,000,000 barrels of forty-two gallons. Mexico produced nearly 64,000,000 barrels or 12.4 per cent of the world's production.

From 1857 to 1918, inclusive, the United States has produced more than 61 per cent of the world's output, amounting to more than 4,600,000,000 barrels. The Mexican production has been but 3.8 per cent, while that of Russia has been nearly 25 per cent.

RANGERSTAKE OVER DISPUTED OIL LAND AT OKLAHOMA LINE

ADJUTANT GENERAL HEADS
STATE FORCE.—DRILLING
WAS INTERFERED WITH

Wichita Falls, Tex., Jan. 28.—Headed by Adjutant General Cope, five Texas rangers and a deputy sheriff with an injunction order from a Texas court, took possession of the Burk Divide Oil Company's lands in the heart of the disputed Red River boundary area this afternoon without opposition, according to Sam Sparks, Texas claimant, who accompanied the longhorn officers on the occupation trip.

The Texans found no armed guards on the property. An Oklahoma deputy sheriff upon whom the Texas Injunction order was served is quoted as answering that "Oklahoma wanted no trouble and would retire." W. D. Brown, representing the large Texas interests, began work of constructing derricks on the property for Texas oil drillers.

Signs reading "this is Oklahoma territory; keep off," were replaced by signs which read, "this is Texas property."

Adjutant General Cope of Texas, who returned here tonight from the Burk Divide oil lands occupied by the Texas rangers this afternoon, said that Texas met no opposition from the Oklahomans and that "everything was adjusted in a peaceful and quiet manner."

General Cope quoted A. M. Stewart of Grandfield, attorney for A. M. Marsh, receiver of the Burk Divide oil lands occupied, as having made the following statement to him:

"This controversy has ceased to be a county matter and is a state affair. We will not oppose the state of Texas."

General Cope said he had heard nothing of the reported appeal from Mr. Stewart to Governor Robertson of Oklahoma, today for troops to preserve order along the disputed territory. He seemed surprised and declined to discuss what action Texas would take in the event Oklahoma troops were called out.

Sam Sparks, Texas owner of the

extensive lands leased out in the disputed territory, said that the Oklahoma receiver told him Oklahoma would withdraw all armed guards and keep them off the property until the "courts decide."

Mr. Sparks declared that the Texas rangers were sent into the disputed territory because Texas claimants had been interfered with in drilling operations. He declared that Texas claimants will be permitted to drill property in the disputed area with delay.

Mr. Sparks said the disturbance began with the disregard of placer miners' injunctions from Texas courts against their operation in the disputed area. Mr. Sparks' claims to the territory date from 1919 when a permit was issued by Texas granting him the right to develop the land. The State of Texas holds one-eighth interest in any oil which may be obtained therefrom.

T. F. Hardy spent last Saturday in Waco.

NOTICE IN PROBATE

THE STATE OF TEXAS.
You are hereby Commanded to cause the following to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return hereof:

NOTICE
THE STATE OF TEXAS.
To all persons interested in the estate of Paul Helmecamp, Jr., Magdalene Helmecamp, Robert Lee Helmecamp and Elmar Vastine Helmecamp, minors, Cause No. 1781, Notice is hereby given that Paul Helmecamp Sr. has filed in the County Court of Milam County, an application for letters of guardianship, of the persons and estate of Paul Helmecamp, Jr., et al, minors, which will be heard at the next regular meeting of the County Court, which will be begun and holden on the First Monday in February, same being the 2nd day of February, A. D. 1920, at the Court House thereof, in the City of Cameron, at which time all persons interested in said estate may appear and contest said application, if they see proper.

Herein Fail Not, under penalty of the law and of this Writ make due return.

Given under my hand and seal of office, in the city of Cameron, the 15th day of January, A. D. 1920.
Attest: Will T. Yates,
Clerk County Court, Milam County,
By Dick Clark, Deputy. 37-3t

Mrs. R. D. Brown has as her guests this week, her mother, Mrs. Strickland of Weatherford, and her sister, Mrs. Fred. Broach of Munday, Texas.

Mr. and Mrs. H. W. Hefley made a trip to Waco last Sunday, returning to their home in Cameron Monday.

Upholding Cotton

In the past eleven years the cotton crops of the South sold for \$13,236,000.00

They should have brought \$25,000,000,000

If the cotton growers had banded together eleven years ago—as they have now in the American Cotton Association—they would have driven out the poverty, the privations that have been forced upon them by low prices and the domination of speculators who have profited at their expense.

But, thanks to the American Cotton Association, cotton is at last free from economic and speculative slavery that has bound it for years.

Today the South is a unit—farmers, merchants, bankers—in upholding cotton for the good of all.

This bank is for the cotton grower first, last and all the time. Whatever it can do to boost the prosperity of the grower, it will do. And it believes that economic freedom for the whole South is coming through the American Cotton Association.

In the issue of The Country Gentleman for January 17th there is a great article telling about this splendid work of the American Cotton Association in upholding cotton. Read it—read it and five other articles to follow. You can buy The Country Gentleman from any newsstand for five cents; or a whole year, 52 issues, for \$1.00, by sending your subscription to the publisher in Philadelphia, Pennsylvania.

Know all there is to know about the South's new freedom. It will pay everyone of us this year!

LUCE IS CONVICTED

In the case of the State of Texas vs. A. F. Luce, which was on trial all of last week, resulted in a conviction of the defendant and his punishment was assessed at 7½ years' confinement in the State penitentiary. This was the case in which A. F. Luce and J. L. Carter were charged with swindling Mrs. Bobbie Syfrett of Thorndale, Texas, during the year 1915, in which lands in Culberson county traded for the Thorndale property. This was an interesting case which consumed a week for trial.

The State was represented by Roy Baskin, County Attorney and A. J. Lewis, Assistant County Attorney, and the defendant was represented by the firm of Henderson, Kidd & Henderson.

Henderson, Kidd & Henderson, attorneys for the defendant, announce that the case will be appealed.

In the case of the State of Texas, vs. A. M. Bolton, set for the 26th day of January, was continued on account of the heavy rains and high waters.

"The Invisible Hand," the super serial, starts at the Wonderland Theatre, Saturday, January 31st. Fifteen episodes—wonderful, spectacular, mysterious and gripping. Remember the date.

COAL FOR SALE—Fifty or seventy-five tons of nut, pea, slack mixture at \$10 per ton at the Oil Mill while it lasts.

WANTED—A position in retail grocery or dry goods store. Write Joe Vajdak, Rogers, Texas. 39-3t.

FOR SALE—1600 acres highly improved farm on upper Brazos near Mumford, 1350 cultivated, 27 houses. Very cheap to close estate.—L. E. Norton, Scanlan, Bldg., Houston, Texas. 38-16t.

WHEN THE BATTERY STARVES

"A battery that is run down for lack of proper charging, is like a man who has been weakened by a lack of proper food," said Mr. T. C. Whites, local Willard expert. "The battery is too weak to take charge in the normal way just as the man who has not had sufficient nourishment may be too weak to work for a meal. For this reason it is useless to try to charge the battery by running the engine of the car.

"The proper method to follow with such a battery is to put it on charge at an extremely low rate for a short period and then gradually increase the rate until the normal charging rate has been reached. This can only be done at some service station which is properly equipped for this sort of work.

Occasionally some one has asked us if this job cannot be done by running the engine slowly at first and letting the battery charge in that way for several hours; after this process has been allowed to proceed for some time the idea would be that your engine should be speeded up so that normal charge would proceed. Of course, this process is not a workable one. The one thing that stands in the way of such a charging process is that the generator is so constructed that it supplies current at nearly normal voltage almost as soon as it begins to supply it at all. No matter how fast or how slow the engine runs the current supplied will be just the same, and instead of charging and helping the weakened battery, it will heat and probably injure it."

I have 120 acres of land, part in bottom and part hill land that I want to rent, third and fourth preferred.—R. L. Batte.

KLAWANSKY RETURNS FROM EAST MARKETS

CAMERON MERCHANT SPENDS TWO WEEKS BUYING FOR SPRING SEASON

W. Klawansky, prominent Cameron dry goods merchant and business man, returned Monday morning from New York, where he has been for the past two weeks in the markets of the east buying merchandise for his spring business in this city.

Mr. Klawansky says that although there exists a shortage in merchandise in some lines, he was able to make purchases sufficient to meet the needs of the Cameron business. Mr. Klawansky in going to the markets was able to personally supervise and select the purchases of his spring merchandise, and by this reason is able to display a varied as well as high class and serviceable stocks.

Mr. Klawansky announces that some of his purchases have begun to arrive and expects entire delivery in the next few days or in ample time to make spring displays previous to the opening of the season.

Mr. Klawansky has been engaged in merchandising in Cameron for the past several years. He reports a pleasant trip to the east, but is never the less glad to be back in Cameron.

I have 120 acres of land, part in bottom and part hill land that I want to rent, third and fourth preferred.—R. L. Batte.

"The Invisible Hand" featuring Antonia Moreno, world famous screen star, starts at the Wonderland Saturday, January 31st. Don't fail to see it. Fifteen episodes.

MAXWELL

Has Won Its Following Through Its Quality

POUND for pound, the metals used in the Maxwell chassis compare favorably with those in the best cars that the world has produced, according to metallurgists.

There is a deep seated reason for this quality in a Maxwell.

For the fundamental purpose of the Maxwell is to carry the same passenger load over the same roads and at the same speeds as larger and more expensive cars.

Its particular mission is to carry this passenger load in an extremely economical way.

Therefore the Maxwell had to be light. But to make it strong as well as light only the very best of materials could be employed.

Hence, the quality metals.

And it was through the quality of its metals that Maxwell developed its following.

This is a following that began five years ago with a foundation of 5,000 and now reaches a mark of 100,000 in 1920.

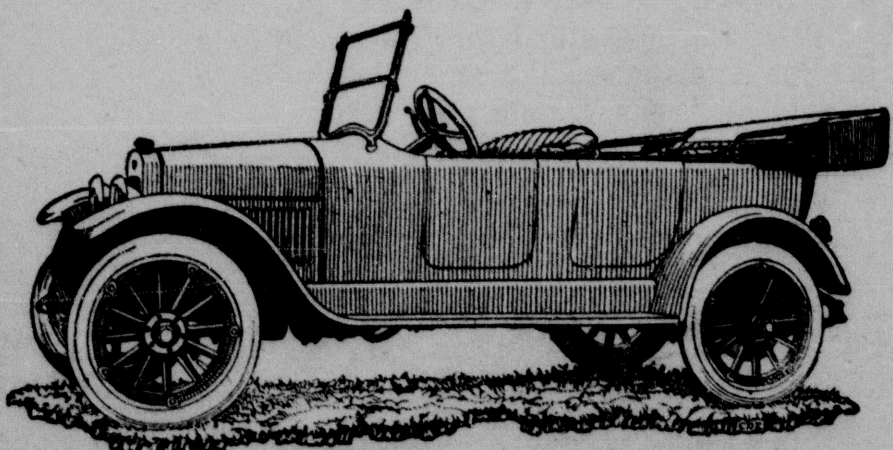

300,000 Maxwells now on the highways of two continents are a daily endorsement of the merit of this great car.

PETROLEUM KINGS WATCH FIELDS OF MILAM COUNTY

Hundreds Look Over Fields and Seek Lease and Drilling Concessions---Development Soon To Start,

The eyes of oil operators and developers are turning to Milam county. Within the past week the city of Cameron has entertained more petroleum magnates than at any time during its history. Hundreds of them have visited the city and inspected the oil field of the county adjacent to Cameron. Many of these have secured holdings while others failed. Some have tried to get drilling concessions and to get in on the ground floor. In every way the oil situation in this county is abundant with possibilities with big time development about to begin.

For four years oil in shallow paying quantities has been known to exist in the Tracy field nine miles south of Cameron. For that many years drills have been plugging away and now more than fifty shallow wells have been drilled, each of them showing approximately the same production of high grade crude oil. There has been no dry holes. At 1285 feet on the Gilliland tract a little more than two years ago when the drill plowed into the pay sand oil gushed over the derrick. There was a strong showing of gas. Unfortunately the well could not be saved from a cave in which interrupted the progress.

In this proven field there are three stratas of oil, one at 350 feet, one at 800 and one at about 1250. The last strata shows a much better production, although the first strata to which more than fifty wells have been drilled a paying production of oil.

Now that there are number of companies with financial strength and experience in oil development which have come in to this field with announced program of development the great pools which are believed to exist and which geological facts and indications show exist will soon be brought to a stage of production.

Tests have been made on the shallow stratas to test out the extent of the deeper stratas. It is said that a great number of these shallow wells have been drilled not only for their production from the shallow strata but determine certain facts ascertaining the deeper strata, its location and direct extension.

Many believe that Maysfield has the great deep oil pool for which tests are going to be made. The Tracy-Maysfield Oil & Gas Company are under contract to begin a deep test at Maysfield within the next few weeks. Rigs are being assembled and by the latter part of this week will be received in Cameron and shortly thereafter transported to the field.

Some time ago a water well drilled in at one of the gins of Maysfield made a showing of oil. This fact, combined with the fact that the field for wide spaces is rich in oil seepage make prospects for oil there better, perhaps than at any other undeveloped field in the State.

The development which is to be done in Milam county fields is not wildecating. The drill will speed into proven territory as far as shallow fields are concerned and geological history shows that where there is shallow oil there is deep oil. This was proven in the great Ranger and Burk fields now called the foot of the rainbow. For many years operators were content with shallow production but once the deep test went down and penetrated the sands of the great lakes below the fields were heralded the world over and millionaires were made over night.

The possibilities are thrilling and all geological surveys and actual tests have shown that in Milam county there is oil. Just what the production will be remains to be seen. That was true of Ranger and Burk. Only the drill can disclose the actual possibilities of the underground pools of oil.

But this much is certain. The county has a shallow field which is unequalled perhaps by that of any other field in the entire United States limited development taken into consideration.

The development programs which have been announced are being watched with interest all over the country as well as our own city and county.

Mrs. Tom Dobbins of Roscoe, Texas, is here at the bedside of her aunt, Mrs. John P. Woolley.

MACHINERY HERE THIS WEEK FOR OIL DEVELOPMENT

TRACY-MAYSFIELD COMPANY HAS TWO RIGS.—INTEREST RUNNING HIGH

Two large drilling rigs for the Tracy-Maysfield Oil & Gas company are expected to arrive in Cameron the latter part of this week for developing the foldings of the company in the Tracy and Maysfield fields.

Announcement of this was made yesterday by Edward Ryan, fiscal agent for the company with headquarters in Cameron. One of these rigs will be placed at Maysfield and one at Tracy and both of them will be set in operation at the same time.

Out at Tracy the company will begin work with the view of developing the shallow field. As a strong showing of oil has been made at the deepest of the shallow stratas which is 1250 feet it is planned to go to this strata with proper casing and drilling methods. Shallow oil also exists at 350 and 800 feet. The wells which are on the holdings of this company at Tracy are down to the first strata, having been drilled there some time ago by local operators. These wells are flowing by small heads at that depth. Greater gas pressure is found at the other depths and the officials of the company believe in view of the showing which was made there over two years ago that a flow can be obtained at that depth.

The plans of this company not only include a maximum development of the shallow well at Tracy but has in view the sinking of a deep well spudded in at proper dimensions to insure retaining any flow that might be brought in.

Beginning within the next few weeks as soon as the rig can be taken out the Tracy-Maysfield Oil & Gas Company will start a deep test at Maysfield. This project is causing more interest perhaps than any other project now on in the oil development regions of Milam county both because of the phenomenal seepage of oil from the earth and the fact that geological surveys have concluded that the deep pool lies in the Maysfield field. Its proximity to Gause where good showings have been made also makes the project of greater interest.

The company regards its Tracy holdings as proven and that no development is required there except to drill in a number of the shallow wells and put them on the pump. Their immediate concern is to test the Maysfield holdings, although development will go on at Tracy at the same time.

Efforts during the week by prominent oil operators from the great pools of Burk and Ranger and from Oklahoma to get drilling concession in these fields failed. The Tracy-Maysfield Oil & Gas Company will develop their own holdings with their own machinery and drillers.

AMERICAN AVIATORS HELD

Fliers Lost In Fog Forced to Land Over The Rio Grande---Release Promised.

McAllen, Texas, Jan. 28.—The two lieutenants, Davis and Grimes, from this aero station, who were reported lost near Zapata, Texas, were forced to make a landing in Mexico, thirty miles south of Zapata, and are being held tonight by Mexicans, though the promise has been made them that they will be released in the morning. A message from them was received here tonight which stated that they expected to gain their freedom at the time stated.

The two lieutenants became confused in the fog and followed the Solado river from Zapata into Mexico instead of proceeding on up to the Rio Grande, there also being compass trouble. Thirty miles up the Solado river, the plane was forced to make a landing and there the Mexican took the two American aviators prisoners.

The country is wild and rugged and the only means of reaching the section quickly is by plane. All day long aviators from the Eighth Aero squadron here have combed the country on both sides of the Rio Grande and for into the interior without gaining sight of the two lost men, and tonight's message was the first word received. The men are believed to be in the vicinity of Herrera, a little mining town and the message was received from Guerrero, a small railroad town near the border.

Brownsville, Tex., Jan. 28.—A message from military authorities here to

CAMERON BOY MADE ASSISTANT HEAD OF AUTO CORPORATION

R. GORDON LANKFORD MAKES GOOD IN DALLAS AUTOMOBILE ROW

Friends of R. Gordon Lankford, formerly of this city, will be pleased to learn of his advancement with a large Dallas automobile distributing concern, the Rose Motor Company, one of the pioneer distributors of automobiles in the Southwest. The firm employs approximately fifty people.

Mr. Lankford's connection dates from early 1918 from which time his advancement has been rapid, and with the coming of the New Year he was appointed assistant general manager.

The following news-item from the Dallas News of January 8th announces the promotion:

"The annual banquet of the Rose Motor Company was tendered its employees and executive heads last night with a dinner at the Adolphus and a box party at the Majestic Theatre.

"W. F. Rose, General Manager, who presided there would be no time given over to business, that the meeting of the employees was for the sole purpose of enjoying an evening together and each department getting better acquainted with the other. He explained that a number of changes in the executive heads of the Company had been made recently and only such an evening together could bring about a mutual understanding and general acquaintance.

"The banquet was attended by fifteen persons including Porter R. Walker, Southern District Sales Manager of the Chandler Motor Car Company, Ross K. Sawyer, Locomotive Company of America, W. F. Rose, General Manager, E. W. Rose, President, Rose Motor Company, Vice-President City National Bank, R. G. Lankford, appointed Assistant Manager, A. B. Wright who was recently made Sales Manager; S. R. Spense, new head of the Service Department; J. G. Palmer, promoted to Territorial Representative; and the following from the Sales Organization: G. G. McBride, Guy Radley, D. S. Johnson, J. F. Kinnard, H. H. Storey, E. E. Shumate and J. T. Chankey.

"A trip in behalf of the Company will be made by Mr. Lankford in the early spring in the North and East; the itinerary including among the centers of the automobile industry, Chicago, Detroit, Indianapolis, Cleveland, Pittsburgh and New York City.

"Mr. Lankford is twenty-three years old and single."

Mr. and Mrs. B. F. Landers of Temple, are the guests of Mr. Landers, father and mother, Mr. and Mrs. S. F. Landers. We regret to say that since their coming last Friday they have been quite sick.

Mrs. Mack Harvey left Saturday night for Oklahoma City.

HOUSING COMMITTEE HAS BUILDING PLANS READY

Will Build Homes and Finance Projects On Liberal Terms to Purchasers---Seek Immediate Relief

A building loan association financed by local capital and chartered and capitalized at \$25,000 or more will be organized in Cameron within a short time if the recommendations of the housing committee of the Commercial Club are carried out.

The committee of which W. H. Triggs is chairman, met last Thursday morning in the office of the chairman and perfected the details on which this loan association is to be organized and put to use in relieving the housing need in Cameron.

The plan which has been worked out by the committee will be placed before the Commercial Club at the regular meeting Friday night. This is one of the most important matters which has come before the Club in several months and a full attendance is requested in order that it may have the popular approval of the club.

The movement was started three weeks ago and was first put before the club in the form of a building loan association by T. S. Henderson, J. R. P. Jeter and W. H. Triggs and others took a very active part in the discussion of this matter and with F. S. Lesovsky and others were successful in having it referred to the committee.

Following the first discussion which took place at the meeting there was an inclination to build apartment houses but it was later decided to abandon that plan because of the demand for individual homes and the ready sale which is promised. While in the final analysis the association will be chartered and financed after the manner of loan companies yet it will have some very liberal features that quite take it out of the commercial class.

Chairman Triggs announced yesterday that with the raising of the capital subscription of \$25,000 the money will be advanced to men who wish to build their own homes at five per cent interest. In the event the association superintends the construction of homes selling them after they are completed the money will be advanced by allowing a reasonable small cash payment and the balance on easy terms. The committee has made liberal concessions to prospective builders in their plans and no matter what the procedure in erecting the homes capital will be made within reach of the average man.

When homes are completed it is planned to apply the money from their sale to the construction of other homes thus insuring a big development in the resident sections of the city. The matter of location will be determined after a thorough investigation by the committee which has been at this task for some two weeks. In any event Cameron is in for a great deal of development with the view of relieving the housing need. Hundreds of people have come here during the last few months and are in needs of homes.

A big attendance at the club meeting tomorrow night is asked in order that this proposition may have volume support.

Mr. Pierce is now in Navasota but is expected to arrive in Cameron today or Friday. He will stay one day in Cameron to be at the office of the local store before leaving for the eastern markets. Mr. Pierce expects to leave the city some time Saturday possibly Friday night for the markets.

Mr. Pierce expects to be away from Cameron for at least two weeks or longer while visiting the markets and before his return here.

W. W. Jenkins of Temple was in Cameron Wednesday on business.

PIERCE TO MARKET

Louis S. Pierce, Cameron dry goods merchant, and operator of the Louis S. Pierce store here, will leave the latter part of the week for Chicago, St. Louis and New York to purchase spring merchandise for the business.

Mr. Pierce also operates a large dry goods business at Navasota and his eastern purchases will include buying for that store as well as for the Cameron establishment.

Mr. Pierce is now in Navasota but is expected to arrive in Cameron today or Friday. He will stay one day in Cameron to be at the office of the local store before leaving for the eastern markets. Mr. Pierce expects to leave the city some time Saturday possibly Friday night for the markets.

Mr. Pierce expects to be away from Cameron for at least two weeks or longer while visiting the markets and before his return here.

FAUBION BRIDGE IS DAMAGED BY FLOOD

INSPECTION MADE ENGINEERS WILL ANCHOR STRUCTURE WITH CABLE

Two piers on the south end of the Faubion bridge over the Little River near Gause are in danger of being swept away by the flood waters of the stream, having already been damaged by the current during the high water period of last week.

The damage to this bridge was surveyed Wednesday by County Engineer A. F. Mitchell, Giles L. Avriett, County Auditor, and O. K. Phillips of Rockdale. Mr. Avriett and Mr. Mitchell returned from the inspection trip Wednesday afternoon.

Mr. Avriett announces that Mr. Mitchell has communicated with J. C. Nagle, head of the engineering department of the Agricultural and Mechanical College, and also expert men in Dallas relative to the condition of the bridge with the view of rushing repairs and saving the structure from further damage and to prevent the south piers from being swept away.

Mr. Nagle and the engineers are expected to arrive here Friday. An effort will be made to anchor the bridge with a cable. It is believed this can be done although the task will be somewhat difficult.

The bridge is now closed to traffic and has been closed ever since the damage was discovered. Mr. Avriett is of the opinion that the bridge can be anchored and the south piers saved. It will cost a considerable sum to repair this bridge but this will be reduced by the anchorage and the use of the cables which will save the south end from being swept away.

The work will be rushed to complete the repairs before any more flood waters come to swell the current.

MASONS GIVE DINNER

The Masonic Lodge of Cameron entertained with dinner Wednesday night following the raising of two candidates to the degree of Master Mason. The dinner was enjoyed by a number of Rockdale Masons who came over with their degree team and conferred the degree.

There was a large number of Masons present not only from the local

**DETAILS OF MIDLAND
SHOOTING ARE TOLD**

**CLAUDE HEARRELL KILLED AT
MIDLAND.—BROTHER OF
CAMERON ATTORNEY**

The following concerning the killing of Claude W. Hearrell, brother of U. S. Hearrell of Cameron, at Midland last week was issued by Mr. Hearrell here:

"Claude W. Hearrell and Asa Rutland had a previous difficulty about a misunderstanding about some money matters, the parties were prevented from having this difficulty by the Sheriff of Midland County.

"It was supposed this trouble was settled and the parties had made friends. This occurred on the morning of the 14th of January, 1920.

"About 3 o'clock p. m. the same day, while Hearrell was going to the Sheriff's office presumably to pay his taxes, Rutland who saw him going in that direction, ran through the back door of a restaurant and hid himself in the doorway along the sidewalk, when Hearrell was approaching same.

"Just before Hearrell was opposite same, he jumped in front of Hearrell and told him to hold up his hands and marched him up to the jail, where the Sheriff and his family lived. This was about 100 yards by a back street.

"When they arrived at the jail, the sheriff's wife came out and wanted to know what was the trouble. Hearrell never made any answer. Hearrell was shot through the left breast and killed instantly. At the time of the shooting Rutland was about 15 feet from Hearrell.

"The Sheriff was at the Court House near the jail, hearing the shooting, ran to the jail. When he arrived there Rutland was leaving, the Sheriff followed him and told him to throw down the pistol, which he did and put him in jail."

San Angelo, Tex., Jan. 18.—Claude Hearrell, prominent Midland ranchman, who was shot to death at Midland Wednesday afternoon, was buried in his home town Friday afternoon, according to reports of the killing which reached San Angelo Saturday. Asa Rutland, a returned soldier, is charged with the crime, a telegram stated. The trouble that culminated in the shooting began earlier in the day. The court house square was the scene.

Hearrell was about 40 years old and leaves a wife and three children. He was raised in Coke county, which adjoins Tom Green on the north, and where two brothers, Will P. Hearrell and Jobe Hearrell reside. Another brother, Sam Hearrell, is an attorney at Cameron. Will and Claude Hearrell had a big ranch in Pecos county under lease and the deceased spent much of his time at Fort Stockton.

JUDGE ADRIAN POOL HERE

Judge Adrian Pool, of El Paso, former county judge of the county, and now a representative from that district, is in the house of representatives at Austin, was called to Cameron last week to appear as a witness in the case State of Texas vs. A. S. Luce and J. L. Carter, which is being tried in the district court. This case involves the transfer of land in exchange for hotel property in Thordale owned by Miss Bobby Syfert. The land in question is located in Culberson county.

Mr. Pool took an active part in the deliberation of the House during the last session of the Legislature and it was through his efforts that the \$75,000,000 road bond amendment was submitted to the people. The bill was written by C. O. Laney of Dallas, member of the House, but Mr. Pool was its active champion in the House. Mr. Pool is a road enthusiast and very active along other lines of constructive legislation.

PRESBYTERIAN CHURCH

Final arrangements have been made with Rev. W. R. Minter, D. D., of the First Southern Church at Austin, to hold a meeting for us. This meeting will be started by the pastor the second Sunday, (the 8th) of Feb. Dr. Minter will come to us on the following day and preach for us for ten days or more. We invite all Christian people to be with us in these services, and the public generally. Dr. Minter is an attractive and strong preacher and we look for much good to be done.

Rev. H. R. MacFadyen was in Dallas Wednesday attending a meeting of the Presbyterian Managers for Texas for the spring canvasses for funds for the benevolences of the church. Mr. MacFadyen is the Manager for Central Texas Presbytery. Make your plans to attend some church Sunday, and to be with us in our meeting.

**ALLEGED SLAYERS OF RONEY
AND BOLES UNDER ARREST**

Washington, Jan. 28.—Mexican authorities in the Tampico district have reported the capture of the persons suspected of the murder of P. J. Roney and Early Boles, American citizens, and of two probable accomplices, according to information furnished the American Embassy at Mexico City by the Mexican Foreign Office in a note dated Jan. 17.

Mexico City, Friday, Jan. 23.—Several men suspected of being implicated in the murder of Early Boles and F. J. Roney, American oil men, are under arrest at Tampico, according to reports from Colonel Francisco Orozco, in charge of the military police there.

None of the prisoners has confessed, but one of them is said by the police to have been wearing a sweater belonging to one of the Americans. This garment was bloodstained and the man, whose name is Castro, is alleged to have tried to get rid of it when apprehended.

Edward Ryan, of Temple, fiscal agent for the Tracy-Maysfield Oil & Gas Company with headquarters in Cmeron, has arrived in the city and taken over the offices in conjunction with W. B. Birchum, secretary of the company. The offices of the company are located over the Palace of Sweets in the heart of the business district. Mr. Ryan will spend all his time in Cameron, where he can be in close touch with the development. Mr. Ryan declares the oil showing in Milam county is the best in the State on the limited development that has been done.

MANY STUDENTS ENROLL

San Marcos, Tex., Jan. 28.—Enrollment of students at Southwest Texas State Normal College since the holidays indicates a healthy increase over last term's. In fact, the registrar's books show that the enrollment of young men has increased fully two hundred per cent when compared with that of a year ago.

Owing to the increased attendance several new instructors have been added in various departments. Moreover, a number of new courses have been organized to take care of the congested condition of several classes.

A new feature of the Normal is its commercial department, which was established in the fall of 1919. This department, judged by the number of students enrolled, is one of the most popular in Normal. The equipment is modern and complete in every way. Recently several hundred dollars worth of reference books on law, accounting, and business administration have been added to the library of the school of business. The commercial department has a teaching force large enough to give complete courses in bookkeeping, typewriting and college rank.

Foster Davis, veteran driller and active in the production of Texas oil since the days of Spindletop, and who had many years of experience at Sour Lake, Batson, Saratoga and who recently was in the service of the Perry Oil & Gas Company at Ranger, is in Cameron and has looked over the Tracy and Maysfield district which are soon to undergo extensive operation. Mr. Davis owns his own rigs which are now located at Ranger. He came down to look over the holdings of the Tracy-Maysfield Oil & Gas Company. He is optimistic over the Milam county outlook and declares there is a great oil pool located here. Mr. Davis may see service in the development of local fields.

California Home Brand Pickles in cans.—Giles L. Avriett.

**INDICATIONS OF OIL ARE
STRONG ON PRISON FARM**

Austin, Tex., Jan. 24.—Strong indications of oil have been found in a well which is being drilled for water on the Clemens prison farm, according to Prison Commissioner S. D. Low. The well is down about 2,000 feet, and as the farm adjoins the West Columbia field, prospects for bringing oil are good.

**NOTICE IN PROBATE
THE STATE OF TEXAS.**

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby Commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE

THE STATE OF TEXAS.

To all persons interested in the Estate of Mrs. E. E. Ely, deceased, Cause No. 1780 notice is hereby given that W. W. Chambers has filed in the County Court of Milam County, an application for the probating of the will and testament of Mrs. E. E. Ely, deceased, and for appointment of and issuing of letters, testamentary, of the estate of Mrs. E. E. Ely, deceased, which will be heard at the next regular meeting of the County Court to be begun and holden on the First Monday of February, A. D. 1920, same being the 2nd day of February, A. D. 1920, at the Court House thereof, in the city of Cameron at which time all persons interested in said Estate may appear and contest said application, if they see proper.

Herein Fail Not, under penalty of the law, and of this Writ make due return.

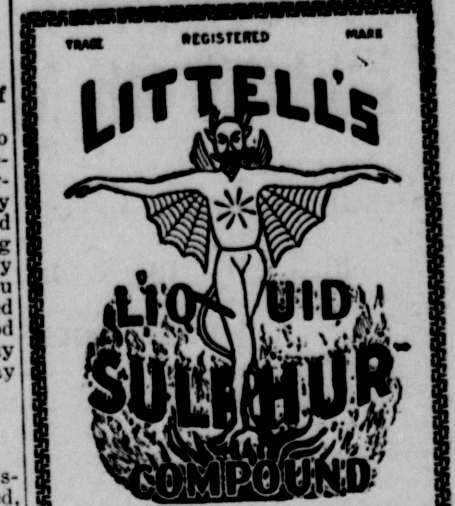

Given under my hand and seal of office in the City of Cameron, the 15th day of January, A. D., 1920.

Attest: Will T. Yates,

Clerk County Court, Milam County, Texas.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbes which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle, Large size \$1.00
JAMES F. BALLARD, Prop. St. Louis, MO.

**Equip Your Small Car
With Goodyear Tires**

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½-, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the small Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest-priced automobiles of the day.

You can well do so because these small Goodyear Tires are easy to obtain, being produced at the rate of 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of small cars.

30x3½ Goodyear Double-Cure \$20.00
Fabric, All-Weather Tread

30x3½ Goodyear Single-Cure \$17.65
Fabric, Anti-Skid Tread

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water—\$3.90 proof bag.

A. D. Morton, prominent oil operator from Bartlesville, Oklahoma, who recently purchased the Burt-Wagoner well for \$2,000,000 was here yesterday looking over the Cameron and Milam county oil fields. Mr. Morton is one of the many operators from the big oil fields who have visited here during the week, is convinced that there is a great oil pool here but could not say just where it is located.

BAPTISTS SPEND \$3,000,000 IN BIG EXPANSION PROGRAM

State Mission Interests And Educational Institutions Get Appropriations

Dallas, Texas, Jan. 28.—A program of expansion, involving the expenditure of over \$3,000,000 was decided upon at the recent board meeting of the Baptist General Convention, held in Dallas, and attended by representatives from all over Texas. For the first time in the history of the consolidated board the treasurer reported all obligations paid and a balance of \$280,000 in the treasury. Cash receipts from the Baptist 75 Million Campaign have already totaled \$750,000.

The three million dollars authorized to be expended will be used in the erection of new buildings and the providing of new equipment in the educational and benevolent institutions fostered by the board. New dormitories are planned at several of the Baptist schools to take care of the crowded conditions resultant from an unusually heavy enrollment. Building projects totaling a million dollars will be started at the Baylor Medical College and Baptist Memorial Sanitarium, which will make Dallas one of its seven great medical centers in the United States.

State mission interests of the Board were provided for by the appropriation of \$250,000 which will be used in the employment of missionaries and the strengthening of small, weak country churches.

Dr. F. S. Groner was re-elected as general secretary of the Board; Dr. T. V. Neal, executive secretary; Dr. J. L. Gross and three other brethren were elected as field secretaries with reference to enlistment; Mr. T. C. Gardner, B. Y. P. U. secretary; and Mr. Wm. P. Phillips, Sunday School secretary. The Enlistment, Evangelistic, Sunday School and B. Y. P. U. departments were strengthened by the addition of several new workers. In the near future a survey of Baptist needs will be made and work started at needy points.

GOVERNMENT SELLS

CITRUS LAND

The recent public sale of lands on the Yuma Mesa, Arizona, which are described as particularly adapted to the growing of citrus and other semi-tropical fruits, was a decided success. The total of the sales amounted approximately to \$1,250,000, and buyers were present from all parts of the country. One tract of 60 acres was purchased and will be developed by Army officers from Washington, D. C. About 1700 acres of the first unit remained unsold at the close of the auction, and Secretary Lane has authorized the Reclamation Service at Yuma, Arizona, to receive bids for these farms until June 1, 1920, unless sooner disposed of.

SPRING HEALTH TOURNAMENT STARTS IN STATE FEBRUARY 5

Crusade Will Last Fifteen Weeks And 300,000 Children Expected To be Enlisted

Austin, Tex., Jan. 28.—The Spring Tournament of the second Modern Health Crusade will last for 15 weeks, beginning any time before February 1, announces Miss Louise Hunter, State Crusade Executive, who is the Director of Children's Work, of the Texas Public Health Association.

Miss Hunter and George F. Granger, Field Secretary of the Texas Public Health Association, are traveling over the state lecturing in the Texas schools and organizing the Modern Health Crusade. They expect that over 300,000 Texas children will enter the fight against uncleanness and disease, and will learn health habits which will help them grow up to be strong, healthy men and women.

"Education in health is as important as the teaching of 'reading, writing and arithmetic,'" declared Mr. Granger. "The Texas Public Health Association would like to see the Modern Health Crusade made a part of every school curriculum. Health and hygiene should be taught to the children, and the glamor and romance of the Crusades make the tasks and habits of cleanliness into play."

The Association is sponsoring the Modern Health Crusade as a part of its 1920 "better health" program, and will this year wage an extensive war against tuberculosis and other diseases.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . .

"It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

JEFFERSON B. WHITE, Local Manager

CLEMENCEAU'S DEFEAT

The veteran French political leader met defeat at the hands of an old-time enemy. Clemenceau, victorious war-leader of the French, was turned down as the next president of France in favor of Paul Deschanel. This will surprise some Americans.

Clemenceau was the war leader of France, he typified the iron will of endurance to victory, and he held France to the rack of war at a time when some were ready to quit. But, Clemenceau was feared as a civil leader in times of peace. Former Premier Briand, for instance, remarked after the election of Deschanel, "France and the Republic continue."

In this country we can't realize the feeling of the Frenchman towards the Republic, and the possibility of another "Man on Horseback." Twice republics have gone into monarchies, and whenever a republican leader is an energetic personality, with characteristics making him liable in popular eyes to personal ambition, becomes an object of fear to many. Clemenceau, whether rightly or wrongly, was considered too strong a man to relegate himself to the rear as president, consequently he lost strength on that account.

Besides, in the past Clemenceau had made many enemies by his bitter assaults upon political leaders. He had only been premier once before the war but he had broken and remade several political fortunes. His conqueror in the presidential election had once fought a duel with him over caustic comment. All these enemies joined in the fight against the aged premier, who none believed would remain a mere figure-head in the presidential office.

In allied countries general will be felt over the defeat of this Frenchman whose conduct during the war was courageous and patriotic to the last degree.

BUILD THE HOMES

The action of the Cameron Commercial Club in proposing the organization of a loan association for the purpose of increasing the housing facilities of this city is commendable in the highest degree. It not only means development in the residential sections of the city but shows the spirit of town building and paves the way for a more substantial citizenship. Home owners are permanent and satisfied residents.

A most liberal policy has been incorporated in the plan which has been formulated by the committee. Financial aid is to be extended on terms that cannot be equaled anywhere. The plans makes it possible for the man of average means to become the owner of his own home with a small advance of capital on his part and assuming deferred payments at the lowest possible rate of interest.

While it is true that any town which has no vacant homes or business blocks is in the progressive column, it is never the less a regrettable condition that people are not able to find living quarters. This condition must and will be remedied by the wide awake men who will see to it that means are provided for the necessary construction of homes.

Shortage of housing space obtains in every city of America. Great increases in population strength during the past three years combined with the industrial unrest reacting upon the labor supply which in turn has curtailed the production of material, are responsible for these unprecedented conditions.

Business men of Cameron have resolved to increase the housing facilities here and in this determination is seen the finest sort of public policy and progressive-ness.

VOTE FOR THE BONDS

On the 24th day of February 1920 qualified voters of road district No. 2 of which the city of Cameron is a part, will be called upon to support a supplemental issue of \$25,000 for the purpose of completing gravel roads on three proposed connections with adjacent precincts.

Even though an increase in the tax rate were necessary to complete this needed work the voters could do nothing better than to support this issue. But fortunately it is not necessary to increase the tax rate to get this supplemental issue. The increased valuation in the district on the present bonded indebtedness as has been explained by county officials, is sufficient to take care of the additional issue. In fact, a surplus occurs in the funds accruing from this bonded indebtedness and the supplemental issue will be taken care of with funds to spare.

Vote for the bonds.

The supplemental issue will give the county complete outlets in every direction by pike roads and will connect the county and Cameron with two National Highways. With tourist travel becoming more pronounced since the increased use of the motor car this traffic is an inducement within itself. There is no greater national policy for improving internal lines of communication than is shown in the federal and state aids as well as local aids for these National Highways.

Milam county will by this additional issue be put in the class with the best improved counties of the State.

It is therefore a matter not only of commercial and business advantage but of pride in local progress that these bonds be voted.

PAY YOUR POLL TAX

Just two more days remain in which you can pay your poll tax for 1920. With the promise of perhaps the greatest political year in history it is important that every qualified voter—male and female, pay their poll tax. It is one of the requisites to citizenship and is the only weapon by which an American citizen can give expression logically to his political views. So why wait or fail to secure this franchise?

Great issues are before the people. Each political party will call for the maximum of support and there is to be enacted legislation both national and local which in the aggregate may prove contrary to the views of the majority if there is not a full and complete showing of voting strength. Line up with the principles of your party and lay the foundation for strength of expression and governmental guidance by paying your poll tax and taking part in the ballot.

It is the duty of every American to help to stabilize this government by the calm, deliberate expression which the ballot judiciously cast, can give. Radical doctrines and obnoxious theories are attacking the government of our fathers and the disturber must be put down once and for all time. The only way is the way of the ballot cast for political principles espoused by party machinery in the country.

Pay Your Poll Tax.

SHIP BY TRUCK

The story of how the automobile and the facilities which have been evolved from it have become the greatest necessity of our modern civilization, is the richest romance of industry.

As in the passing of a generation the railroad and the steamship transformed the whole realm of commerce and industry, so has the automobile enriched every pursuit and given multiplied value to every location.

Great possibilities lie in the development of the truck as a means of transportation in the rural communities, in inter-city haul and short haul routes in the trade territories. The ship by truck, gaining popular favor all over the country is the logical means by which rural transportation will be solved. It has solved in a decade the problem on which railroads have worked for a century—the short haul. Railroads want to get away from the short haul and that is logically the place of the motor truck.

The motor truck is today the most potential unit in our vast system of transportation and its possibilities are so great that they are not understood even by those who have been in intimate touch with its development during the past decade.

It has not only increased efficiency on the farm but it has revolutionized city traffic, has helped the jobber and the retailer to solve their transportation problems. It has built good roads and will see further service in the development further of both roads and transportation.

THE EXODUS OF TEACHERS

It is announced by Secretary Lane that 143,000 school teachers resigned during the past year to accept more lucrative positions. This is one-fourth of all the teachers in the country during 1914. To say that any business can lose one-fourth of its experienced leaders and remain in as high a state of efficiency is foolhardy.

At this time more than ever the children of this country must be correctly trained, and brought up to respect their country and the authority of the law. Various poisonous doctrines are in the air, and ill-paid teachers are not the best weapons to counteract obnoxious theories.

Public opinion must realize that better money must be paid all teachers in order that better teachers may be secured and held. A school which changes its whole personnel every few years can hardly be successful in the largest sense of the word.

Making money is not the sign of progress, saving it is getting ahead.

The New York undertaker who sold the poisonous liquor was going out of his way for trade.

The trouble with the defeats of the Red army in Russia is that they fail to stop the advances.

Governor Hobby will be requested to call a special session of the Legislature to solve the problem of teacher shortage in the public schools of the state. Recommendations are being made to the executive and the conference by Superintendent of Public Instruction Annie Webb Blanton. Others who are interested in relieving the situation say that \$10,000,000 is needed to increase the salary basis as a means of inducing experienced instructors to remain with the profession. This sum is quite large in view of the present state expenses but no expenditure is too great to spend for the benefit of the children of this state—the men and women of tomorrow.

According to the Association of Clothing Designers the hip pocket in men's trousers will be made smaller and shallower this season. Some say the enactment of prohibition is the cause, men having nothing to carry back there any more. It is now illegal to carry either a revolver or flask, and why have the pocket at all?

The Department of Justice, according to press reports, declare that the recent steel and coal strikers were formulated as a part of the policy of the Reds, who after inciting these, hoped to see them merged into a general strike all over the country, which in turn the Reds hoped to materialize as an opportunity for revolution. The great majority of coal and steel workers would be quick to repudiate any charges of sympathy with rebellion to our present government, but they may have been unconscious tools of these agitators. The experience should be a warning to laborers to investigate thoroughly into the affiliations of those whose advice is taken, in order to avert being cat-paws in a diabolical conspiracy.

FROM FILES OF THE HERALD

Twenty-Fives Years Ago

A bill to abolish the state board of pardons has passed the Senate but will encounter opposition in the House.

It has been learned that Texas has no law governing contested election cases.

The vote in the Legislature on joint ballot for United State Senator stood: Chilton 128; Nugent 23; T. S. Smith 1. The Populist caucus nominated Representative O'Connor of Bexar county, but he declined and recommended that the party vote for Nugent. The vote for Speaker T. S. Smith was cast by Smith of Colorado, a colored republican, who stated that he wanted the honors kept in the Smith family.

The next time the Populists have a meeting in Cameron and their speaker fails to arrive they ought to invite the Herald's editor to address them. We would appreciate the courtesy and would charge nothing for the speech.

Governor Culberson has decided to appoint Gen. L. M. Oppenheimer of Austin on the penitentiary board, vice Jot Gunter, declined.

The gates to the Capitol grounds at Austin are now open and people now have the privilege of driving on all the carriage ways.

The official vote for governor gives Culberson a plurality over Nugent of 54,436, but he lacks 15,549 of a majority of the whole vote.

President Cleveland has signed the bill establishing a light house at the harbor entrance of Galveston Island.

A race fight recently occurred at Flatonia between Mexicans and Africans, in which the former was worsted by numbers.

J. H. Black of Grimes county is inventor of a new plan for perpetual motion.

Rev. G. Carter was robbed of \$143 near Warren, Tyler county, and when found his hands were tied around a tree.

ENCOURAGE DAIRY PRODUCT SELLING

J. T. PARMA CONCLUDES ARRANGEMENTS FOR SHIPPING OUT FATS

The establishment of a considerable industry is seen in the announcement of J. T. Parma, Cameron business man, that he has just concluded arrangements with a Houston dairy product plant to handle butter fats produced in this territory. In many sections of the State the dairy industry is worth thousands and even millions annually to the producers and with the fine territorial radius serving the city of Cameron and the enthusiasm with which the producers have received the announcement, the production here should be worth a

large sum annually.

Mr. Parma announces that beginning about March first he will pay top market price and cash for the fats.

So far there has been no concerted effort to develop this industry to maximum in this territory and the effort of Mr. Parma is viewed with considerable interest. Now that the spring season is soon to open it is hoped to begin this industry on a broad basis with attractive inducements in market advantages to the producers that will increase the keeping of cows and the production of dairy products.

The matter of shipping butter fats out of Cameron was laid before the Commercial Club at its last regular meeting by Mr. Parma who told of the arrangements having been concluded with the Houston concern. The Club promised all necessary co-operation to increase the value of the industry.

Cameron Social News

ENTERTAIN OLD FRIENDS

Mesdames Ben and Hubert Atkinson entertained old friends and school-mates for Mrs. W. J. Crocker Tuesday afternoon, Jan. 20, at Mrs. Ben Atkinson's.

The dining room was beautifully decorated with red carnations and red candles and the table was finished with the added touch of Mrs. Chas. McDermott and Miss Vance Herdy, who looked very charming serving tea or coffee. A delicious salad course was served by Misses Winnie and Mary Lake Henderson with the help of the little Atkinson girls. Several pieces were played and songs sang.

PRISCILLA CLUB ENTERTAINS

At her home, last Thursday afternoon, Mrs. S. M. Burns, Jr., entertained the Priscilla Club.

Almost the entire membership honored Mrs. Burns with their presence.

The guests were ushered into the cloak room, and while removing their wraps enjoyed the beauty and fragrance of the pink carnations which were gracefully placed about the room. The library was decorated with red carnations. Gathered around the fire with this bevy of needle workers, admiring, exchanging ideas on needle craft, were eleven additional guests: Mesdames S. M. Burns, Sr., John Dobbins, C. N. Green, W. H.

Henley, T. S. Henderson, William Henderson, O. L. Kidd, W. G. Gillis, H. F. Smith, Jr., Beckerman, and Miss Carey Brown of Staten Island, New York.

Home-made candy was passed throughout the afternoon, and just before the home-going time Mrs. Burns served pressed chicken, nut sandwiches, olives, marshmallow pudding and individual angel food cakes.

KILL KARES AND SIGMA PHIS

The following afternoon the same charming home, all cheery and bright, with the pink and red carnations, was the scene of another merry crowd—the Kill Kares and Sigma Phis.

They, too, brought their needle work and it was hard to tell whether needles or tongues were swiftest, for dispensing with home-made candy delayed the tongues while the needles flew on.

This time, Mrs. Burns' guests were: Misses Rischar, Curtis, Hillman, Carroll, Aetna Smith, and Mrs. Bill Alex Bonds in addition to the regular members.

The same delicious salad course was served with fruit cake.

On the evening of the same day Mr. and Mrs. Burns received a few young people in honor of Messrs. Alexander and Renalds of New York, guests in the home of Hon. T. S. Henderson and family.

The young people had a merry time in ways and means usual to gatherings of the kind.

Those present other than honor guests were: Misses Curtis, Hillman, Ruth Henderson, Winnie and Mary Lake Henderson, Messrs. John Henderson and Joe McLerran.

Mrs. Burns' larder seemed not to exhaust, for these young people enjoyed salad, cake, candy and many other good things to eat.

MRS. GILES AVRIETT

ENTERTAINS

A small party of merry-makers gathered in the pretty little bungalow of Mrs. Giles Avriett on last Friday afternoon for a game of bridge. "Don" received her guests midst a profusion of pink carnations, as is her wont, making every one feel glad to be there.

Two tables were arranged for the diversion of the afternoon with pink carnation tally cards and as each player scored a game she was presented with a pink carnation, and at the close

of the games the one winning high score was presented with a large bunch of the favored flower. Mrs. U. S. Hearrell was the fortunate winner. Mrs. Avriett served a two-course luncheon: chicken salad, fruit salad, sandwiches, salted nuts and pineapple sherbet and angel food cake.

Guests other than regular members were: Mesdames Cottle, Fahrendorf and Miss Beth Jeter.

MISS BRADY GIVES DINNER

Miss Vance Hardy was hostess to an elegant four-course high-noon dinner last Sunday, and was assisted most graciously by her father, Mr. T. F. Hardy and her aunt, Mrs. Mattie Batte.

Seated around the beautiful and perfectly arranged table were: Mrs. Mattie Batte, Misses Winnie and Mary Lake Henderson, Estelle Coleman, Ruth Henderson and Vance Hardy; Messrs. Alexander, Renalds of New York, J. C. Tucker of Garland, Texas, T. F. Hardy and Dr. Elbra Monroe.

Menu

Oyster Soup Crackers
Roast Turkey Dressing Celery
Creamed Potatoes Rice, Olives
Pineapple Salad

Plum Pudding Hard Sauce
After lingering, as one would, over this delicious dinner the party repaired to the living room, where pleasant conversation was enjoyed for a time. The party attempted to disperse, but one car refused to move, so a "lingering at the gate" for an hour or more was necessary and thoroughly enjoyed for an accident only adds spice and savor on an occasion like that.

METHODIST MISSION-

ARY SOCIETY

Twenty-five ladies, members of the Missionary Society, met in the parsonage Monday afternoon, Mrs. J. D. Hefley presiding. The hour was most profitably spent in studying the gospel of John. Roll Call was answered with incidents on the life and ministry of this great apostle. The lesson was a review of the first twelve chapters in this book, and was very ably conducted by Mrs. R. H. McIntosh.

At the close of the lesson, Mrs. Key, as hostess, served a delightful refreshment plate.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

WEEKLY FINANCIAL REPORT MILAM COUNTY BOARD TO MEET

The Mississippi Valley is entitled to 55 per cent, or \$8,250,000,000 of the United States' foreign commerce by reason of its natural wealth for producing and handling it, according to a survey made by the Mississippi Valley Association. The report establishes by figures that the United States now is entitled to \$15,000,000,000 of the foreign commerce of the world. There appears in the report some interesting figures justifying the demand of the Valley.

Of the total percentage of wheat production in the United States, the Mississippi Valley produces 76 per cent. The Valley produces 60 per cent of the coal mined in the United States. The figures show that 69 per cent of the oil production of America is credited to the Mississippi Valley. Of the United States output of iron 94 per cent is the product of the Mississippi Valley. In the Valley is also to be found 85 per cent of the United States corn production and 70 per cent of the United States cotton.

Notice is hereby given that the County Board of Education of Milam County will meet in regular session the first Monday in February, 1920, in the County Superintendent's office to transact such business as might be presented at the time.

Very respectfully,
JIM F. CHADWICK,
County Supt. and Ex-Officio Secretary

FOR SALE—One Steinway square built piano. Will sell on terms or will take good cow as part payment. This is a fine instrument and altogether desirable for the home. C. Henry Ruby.

ESSAY CONTEST IS OPEN TO CHILDREN

GOVERNMENT OFFERS PRIZES FOR STORIES ON PEACE ARMY ADVANTAGES

Uncle Sam is to stage an essay contest for the school children:

Here are the Prizes.

Gold medal suitably engraved, to winner of the first prize. Silver medal, suitably engraved, to winner of the second prize. Bronze medal, suitably engraved to winner of the third prize.

In addition, three beautiful silver cups, suitably engraved, will be presented to the winners by Secretary Baker to be carried back home by them as prizes for the schools they represent.

Silver loving cup, suitably engraved, will be presented by Major I. D. Reedy, in command of the Houston Recruiting District, to the winner of the contest in the Houston Recruiting District whether this essay wins one of the national prizes or not.

In addition to these prizes, the three winners of the national medals together with a parent, or guardian, will be given a free trip to Washington, D. C., and return, (railroad fare and all other expenses paid) at which place, on May 5, 1920, the three medals and the three loving cups will be presented to them by the Secretary of War.

Here is the Plan:

On April 19th next, a board of War Baker, General Peyton C. March and General John J. Pershing, will announce to the awaiting juvenile world the names of the three boys and girls who on February 20, 1920, wrote the best essays on the subject: "What are the Benefits of an Enlistment in the United States Army?"

The contest is open to all school children of any grade up to and including high school students. There is no age limit in this contest and the little seven year old girl in Wharton, Laredo or Houston has the same chance of winning a prize as the nineteen year old high school boy of Boston. New York state has many times the number of school pupils that Nevada, yet the chances of producing the winners in each of these state is exactly the same.

The contest is under the auspices of the War Department but the newspaper, "Come-Back," the official organ of the Walter Reed Hospital at Washington, asked permission to purchase the prizes. This permission was granted and the school children are really competing for prizes that were provided by maimed and injured soldiers now at Walter Reed Hospital.

Essays will be written in the classrooms on Friday, February 20, 1920, from notes if desired.

No essay will be more than four hundred words in length.

Pencil, or pen and ink, may be used but the essay will be written on one side of the sheet only.

Essays will be judged strictly on a basis of (1) originality (2) expression, (3) sincerity.

Each school will be the judge of its own product. The principal of each school will appoint a board of three judges to select one essay as the entry from his school. He will then forward the entry, not later than February 27, 1920, to Major I. D. Reedy, Army Recruiting Officer, 100½ Congress Avenue, Houston, Texas.

Major Reedy will appoint a board of three judges to pass on the essays submitted by the schools of his district. One will be selected as the best and will be forwarded to Washington as the District's entry.

From the entries of the 56th districts, into which the United States has been divided for the purposes of this contest, Secretary Baker and General Pershing and March will select the three national winners. These winners may be boys or girls of any color, or any age.

Ask your father or your brother to tell you something about our new, democratic peace time army. If they do not know, write to Major I. D. Reedy, Army Recruiting Officer at Houston, for information and literature about the army.

It may mean a free trip to Washington for your mother and you, with a medal for yourself and a beautiful cup for your school and you'll be envied by millions of children. It's the chance of a life-time.

Major I. D. Reedy, 100½ Congress Avenue, Houston, desires to get into communication with superintendents of public instruction, high school principals, superintendents of private or sectarian schools and with all other persons who may be either directly or indirectly interested in the subject and to these he will promptly send the necessary data, literature, etc., to enable prospective contestants to properly prepare themselves.

CAMERON TO HEAR TEMPERANCE TALK

DR. MADISON SWADENER TO SPEAK AT PRESBYTERIAN CHURCH FEBRUARY 5

Dr. Madison Swadener of Indianapolis, is making a speaking campaign in Texas under joint direction of the Anti-Saloon League of America and the Texas League. Dr. Atticus Webb, of Dallas, state superintendent, has made arrangements for the campaign.

Dr. Swadener will speak in the Presbyterian church of Cameron Thursday evening, February 5, at 8 o'clock. Rev. Ira Key is in charge of arrangements, with the co-operation of Rev. MacFadyen. He will speak in the Methodist Episcopal Church of Rosebud Friday evening February 6, where Rev. A. C. Dunn will be in charge with the co-operation of Rev. B. T. Bell.

Strict and thorough enforcement of all prohibition laws, local, state and federal, will be urged by Dr. Swadener. He will say that it is the duty of the people to back up officials in their efforts at enforcement. Also, he will insist that no candidates for office from President of the United States down to township constable be elected unless they stand four square for prohibition enforcement.

Further, he will tell of the plans and purposes of the World League against alcoholism, of which the Anti-Saloon League is a constituent, for world-wide assault on the liquor traffic.

Dr. Swadener is one of the three men who are speaking in Texas under Anti-Saloon League direction. It is announced that the Texas campaign is part of a general movement of the League in every state in the nation for law enforcement, education and Americanization, in the interest of safeguarding prohibition. His meetings are free and women as well as men are invited. Dr. Swadener is said by the League to be one of its best speakers. He is a minister of the Methodist Episcopal Church.

666 quickly relieves Colds and La-Grippe, Constipation, Biliousness, Loss of Appetite and Headaches.

R. H. Kennedy and Miss Frank Kennedy were married at the Methodist parsonage in Cameron last Tuesday, January 13, by Rev. I. F. Key, pastor of the church. These young people are both residents of Cameron and their many friends wish for them much happiness and prosperity.

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

Second Hand Automobiles AND FORDS

We have anything from a Ford Roadster to a CADALLAC eight. If you want to buy a car worth the money, see us before you buy. We have many different kinds of cars, and when you have seen them you will agree that our prices are right.

If we haven't what you want, let us try to get it for you. All our cars are in a good mechanical condition—we do not sell them any other way. Come and look.

You will find the salesman at Law-Sprinkel Merc. Co.

Henselee-Lyon Co.

The Secret of Success

It is not how much you make, but how much you save, that counts for success.

Success is not attained in a day—nor over night.

The surest, safest way to financial success is by years of persistent saving by some well outlined plan. Come in and let us explain our method.

Cameron State Bank

Cameron, Texas

The Banker Wouldn't Quit!

When the sawmills moved out of a certain Northern woods town it looked like the finish of business there for everyone—farmers, merchants, banker. But the banker refused to quit. "If I can make dairying and poultry-keeping profitable my bank will make money," said he. The story of his efforts and the money-making prosperity that has come to his community is told in the current issue of

The COUNTRY GENTLEMAN

This bank aims to extend the same sort of service to this community. We should like to know every farmer whereabouts—to help every farmer make money. Come to us with your problems and let us see if together we cannot boost your bank account. As a step towards that prosperity, we urge you to read each week THE COUNTRY GENTLEMAN. What-

ever line of farming you are following—livestock, dairying, poultry, grain, fruit, truck, corn, bees—there is something for you each week in the many pages of the Great National Farm Weekly. If you authorize us, we shall be glad to charge your account \$1.00 for a year's subscription. Or, better still, come in; let's talk it over personally and get acquainted.

Cameron, Texas

Cam-Hi Weekly News

The first half of the school years of 1919-20 is over with. The examinations for the second quarter have just been held and every one is starting out on the third quarter with a chance to make good.

All those pupils who have been working hard and putting in the amount of study that should be put on their lessons, are steadily drawing nearer to graduation. If they just keep on working with the determination to do their best they will graduate as soon as they have made a grade each year, and then if they go off to college they will be good pupils there also. And later on in the struggle for a living, which every one has to make, those pupils who worked hard and tried to learn something, will be the men and women who are somebody and who stand for something in the future years.

But those pupils who have failed in several subjects need not and should not give up. The thing for them to do is to make a resolution to go to work, and not only make the resolution but stick to it and make good. Even if a pupil has to be put back a grade, he should not be downhearted

and give up, but should have ambition enough to get up and show what he can do, by becoming the leader of his class in his school work.

The thing that many pupils lack, is encouragement, and the main source of this encouragement is in the homes. In many homes the parents hardly take any interest in the work done by their children in school. They think that if the children go to school, the teachers will make them learn. The teachers are there to teach the pupils if they want to learn, but not to make them learn. The parents, in the homes, ought to encourage the children and attempt to show them the necessity of an education in the combat with the hardships of the world. The most important thing for a student to remember is, that there is no disgrace in failing, but to lie there and make no attempt to rise, is where the disgrace comes in.

GIRLS' CLUB

The Girls' Club met Thursday afternoon for the purpose of electing officers for the spring term. The officers were selected with care and we feel sure they are competent of filling their various offices and will do their best to please. The girls are striving to bring their club up to the standard this quarter in order that they may receive the half-credit that is to be given at the end of the quarter. After the regular meeting, a cabinet meeting was held for the purpose of discussing some things the club intends to do. It was decided to give a donation to the library sometime soon.

In the regular meeting the following officers were elected:

President	Marie Plate
Vice-President	Frances Hefley
Secretary	Laura Adams
Ch'rman Prog Com.	Agnes Henderson
Treasurer	Minnie Yoe
Ch'rman Social Com.	Grace Mangum
Ch'rman Social Serv. Com.	
	Verna Roberts
Ch'rman Poster Com.	Katy Cone
Ch'rman Publicity Com.	
	Mildred Chambers
Critic	Gladys Harris
Supervisor	Joe Smith

BOYS' LITERARY SOCIETY

On last Thursday afternoon Mr. Crawford called a meeting of the Boys' Literary Club. The object of this club is to develop the ability, among the boys, of making public speeches. Great enthusiasm is being displayed among the members.

Mr. Crawford explained the advantages of the course which is to be given, stating that public speaking would help any one, no matter in what profession he enters, but warned the boys that to gain credit for the course or to receive any good from the same, a great deal of work would have to be put forth by the recipient.

Mr. Crawford outlined the course to be given, and distributed the books, which are furnished by the State.

Mr. Crawford is to have charge of the debating department and Miss Williams the declamation department.

Miss Williams told the club that if its members thought they were going to have a picnic, they were mistaken and assured them that if they did not work and work hard, they would fail to get the training which will mean so much to them in later life.

SCIENCE DEPARTMENT

HAS MORE MATERIAL

The Science Department of Cameron High School has just received a be-

lated shipment of apparatus and material.

The Department has been very much hindered in its laboratory on account of the limited supply of material, but with the addition, the members of this department hope to get along fairly well.

Material has been hard to get. Last June Mr. Crawford, Instructor in Science, made an order for Scientific material, fully expecting it to arrive by the first of September. But it did not arrive until October, when a small shipment was received, and the remainder of this material did not arrive until a few days ago.

EXTRA

Be sure to keep your eyes on the Cam-Hi Weekly for news from the Science Department, concerning the utilization of wind power.

On account of bad roads and the overflowing of the rivers and creeks, many of the students who come in from the country to school have been unable to attend for the past few days.

WANTED

A pony to ride with.—Caesar McGeehee.

Nominations for club officers.—Louise Denson and Velda Walker.

Anybody who has any surplus grades, please see us. We would like to borrow a good supply this quarter. Will give our notes, payable at a good rate of interest, at the end of next quarter.—See Geometry 10.

Some one to memorize "The Gold Bug" by Poe.—Robert Massengale.

Some midnight oil to be used exclusively on Physics.—Physics Eleven.

Some second hand seventh grade books.—The Fish.

WEEKLY EXPLOSIVES

THE CAM-HI WIDOW has been despondent for the last few days. The library has been closed, and she has had no medium through which to pass notes.

MRS. SOLOMON SAYS that since the examinations she hardly knows whether some of the Seniors are going to be College Fish or High School Seniors next week.

JOKE EDITOR

In Algebra, Mr. Cameron to John Hood: "John, throw your gum away."

John: "It's not gum. It's candy." Mr. Cameron: "Then put that candy away."

Johnnie: "I'm putting it away."

Fitz, as the clock strikes twelve: "Verna, is that an eight day clock?" Verna: "Sleepily: 'Just wait a while longer, and you will find out.'"

Miss Ball, in English: "Take from page 374 to (the) Dickens."

Mr. Work, in English: "Yes, this is a good text book. I studied it in college."

Jennie Little: "Gee! I didn't know

MRS. SARAH F. TURNHAM DEAD

Mrs. Sarah F. Turnham, aged pioneer of Milam county and for many years residing in the city of Cameron, died near Gause Sunday, January 25. The funeral was held in Cameron Tuesday at the home of Matt B. Bailey and interment was made in the McCown cemetery east of Cameron. Funeral services were conducted by Rev. R. E. Roberts, pastor of the Christian Church, of which deceased was a member.

Mrs. Turnham came to Texas many years ago. She was born in Clay county, Missouri, October 30, 1839, and at the time of her death was 89 years old. She had resided in and near Cameron practically all the time since she came to Texas in 1861. She was married to R. C. Turnham of Cameron, June 14, 1865.

She is survived by two sons, T. D. and W. R. Turnham, and grandchildren, N. B. Turnham, J. C. Turnham, Mrs. Vargie Pylant, Mrs. Oscar McAnally, Jack Turnham and Colie Turnham. She was an aunt of Mrs. Matt B. Bailey of Cameron.

The death of Mrs. Turnham marks the passing away of one of the loved pioneers of the county and of the State and her demise is mourned by hundreds who knew her.

BAPTIST CHURCH

Regular services will be held Sunday at the Baptist church and are as follows:

Sunday School, 9:30.
Sunbeams, 3:00 p. m.
Senior and Junior Unions, 6:30 p. m.

Morning and evening services 11 a. m. and 7:30 p. m. respectively. The pastor urges that every member of his congregation be present at the morning service as he has a special message for his membership. B. B. BLAYLOCK, Pastor.

this book was that old."

ODE TO MANKIND

His heart was cold and hard,
And he knew not what he said;
His head was like a card,
And his brains were made of lead.

Her heart was light and gay,
And her head was full of sense.
But that's a woman's way,
And men are dull and dense. —V. W.

SUPERINTENDENT TALKS TO THE HIGH SCHOOL

Monday afternoon, Superintendent Kidd talked to the High School students on the theme: "Each man pulls his own string." He brought out a number of ideas to the effect that each student must make his own way through life, and that this is a preparation. Before the talk began the school sang: "Praise God from Whom all Blessing Flow."

MACK HARVEY, Mgr. Across From Oil Mill.

PRESBYTERIAN CHURCH

We are going ahead with our preparations for our meeting. Remember that we are to begin the 8th of February and Dr. W. R. Minter, of Austin, is to come to us on the 9th, and go on with the preaching. It will not be a long meeting, so make your plans to begin with us and go through

At the meeting of the Synods Managers in Dallas last week it was decided to put off our spring canvasses till the last of April, this to co-ordinate our work with the Inter-Church World Movement, which puts on a campaign at that time. This is a plan, originating in our church, by which all Evangelical Christians shall work, and plan together that the world may be brought to Christ, and we believe in a closer co-operation of all Christian forces.

One of the greatest conventions in the religious history of Texas is to take place, probably in Dallas, Feb. 17, 18, and 19. This is a conference, under the auspices of the Inter-Church World Movement, of all the pastors of Texas. The railroad fare will be paid by the Movement, and every Evangelical pastor in Texas has been invited. We predict that this is going to be a wonderful meeting. H. R. MacFADYEN, Pastor.

C. E. Ramsey of Houston, Ford service traveling representative, was in Cameron Tuesday with the Chambers-Hefley Motor Company. He was here in the interest of service methods of the Ford dealer, returning Tuesday night to Houston.

Just received an assortment of Wear-Ever Aluminum Cooking Vessels.—Henne & Meyer, Co. It.

Arthur Taber visited relatives in Cameron this week.

HAD IT EVER OCCURRED TO YOU

You do just four things; you think, you remember, you imagine, you act. When you learn to think better, remember better, imagine better, or act better, you increase your efficiency, and, therefore, your income. Perhaps you are very successful now but how much benefit will a practical business education be to you. You will agree with us that to violate a part of the laws of business means partial failure, and to violate all the laws means complete failure. You are also aware that to observe part of the laws of business means partial success, and to observe all the laws means complete success. Our aim is to help you observe a higher per cent of the laws of business success. The late Prof. James of Harvard declared that the average man uses only ten per cent of his brain power. Suppose you are twice as capable as the average man? Even that would mean you are only twenty per cent of your maximum possibilities. The purpose of our course is to produce a greater efficiency with less effort. Did you ever stop to think that eighty-four per cent of the men of this country are earning only \$18 per week or less? That ninety-two per cent fail in business between the ages of 40 and 50? That ninety-five per cent have no money at the age of 60? We have been very successful in getting men out of the eighty-five, the ninety-two and the ninety-five per cent class. Let us increase your salary. We have been marvelously successful in raising salaries, as is conclusively proven in our catalogue by the letters from former students. The business world wants thinkers and doers. There's a famine of high priced men today; there are thousands of men worth a thousand dollars a year but only a few worth ten thousand a year. Be the latter kind of a man, you can if you will. We know that a man is not worth much from the chin down, selling muscle, but as high as a hundred thousand dollars a year from the chin up, selling brains. Be a chin upper and sell brains; but remember you must get them before you can sell them. Take our thorough practical courses of Bookkeeping, Shorthand, Cotton Classing, Business Finance and Telegraphy; learn how to think, to remember, to imagine, to act. We can teach you and will therefore greatly increase your usefulness throughout life.

Our large catalogue is free for the asking. Fill in and mail the following back at once.

Dye That Skirt, Coat or Blouse

"Diamond Dyes" Make Old, Shabby,
Faded Apparel Just Like New.

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether wool, silk, linen, cotton or mixed goods,—dresses, blouses, stockings, skirts, children's coats, draperies,—everything! A Direction Book is in package.

To match any material, have dealer show you "Diamond Dye" Color Card.

W. P. Whitis with the Interstate Commerce Commission, maintaining headquarters in Austin, has been in Cameron for the past week taking the value of the San Antonio & Aransas railroad in Milam county. Mr. Whitis will leave Cameron Saturday for Austin and will go from there to Milam county to follow up the assessment of the S. A. & A. P. His territory in this section of the State includes Milam and Lee counties.

The Chambers-Hefley Motor Company announces the shipment of a car load of Ford automobiles which has been enroute from the factory since January 16. The shipment consists of four touring cars, one roadster and two trucks.

Roy Law was a visitor to San Antonio last week.

Ed Balhorn is suffering from the "flu."

Charlie Hamilton, of Columbus, Tenn., who was visiting in the home of Judge and Mrs. Ed F. English, left Monday for other Texas points.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Cameron people recommend Doan's stronger proof of merit?

Ask your neighbor.

Melvin Weems, E. 2nd St., Cameron, says: "My kidneys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change in the weather, my kidneys would bother me by acting too freely. There was a sediment in the secretions and they smarted and burned in the passage. My back got lame, and the muscles all through me were lame and sore. I had taken all kinds of medicines but didn't get any help at all. I called on the doctor here for advice and he told me to take Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kidneys have been strong and in good shape since then. I very gladly endorse Doan's Kidney Pills."

NOTICE OF ROAD BOND ELECTION

THE STATE OF TEXAS,

County of Milam.

On this the 16th day of January A. D. 1920, this Court being in regular session came on to be considered the petition of Monta Thomas and 309 other persons praying that bonds be issued by Road District No. 2 of Milam County, Texas, in the sum of \$25,000, bearing 5 per cent rate of interest maturing serially not to exceed 25 years from date thereof for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes or in aid thereof.

And it appearing to the Court that said petition is signed by more than 50 of the resident property tax paying voters of said Road District No. 2 of Milam County, Texas. Said Road District No. 2 having been established by an order of the Commissioners' Court of Milam County, dated the 27th day of July, 1911 of record in Book 5, Page 49 of the minutes of the Commissioners' Court of Milam County, Texas, within the following metes and bounds, to-wit:

Beginning at the mouth of Elm Creek where the same empties into Little River; Thence up said Creek to a point opposite west line of the James Hall League; Thence S. 19 W. with the west line of said James Hall League to Little River; Thence down said Little River to the mouth of San Gabriel River; Thence up said San Gabriel River to the northeast corner of the T. J. Chambers League; Thence with the east line of said T. J. Chambers League S. 19 E. to the north line of the Bethlehem voting precinct at the Mrs. Edwards place; Thence in an easterly direction with the north line of the Bethlehem voting precinct to the northeast corner of said voting precinct in the north line of the Sandy Creek voting precinct; Thence in an easterly direction with the north line of Sandy Creek voting precinct to the west line of Justice Precinct No. 3 at the old residence of George Penny; Thence in a northerly direction with the west line of Justice Precinct No. 3 along present Cameron and Caldwell road to McCown Bridge on Little River; Thence down said River to Elm Creek to the place of beginning.

It is, therefore, considered and or-

PHOTOS OF GRAVES SENT TO AMERICANS

VIEWS OF MOUNDS IN FLANDERS FIELD GRIM RELIC OF WAR TO MOTHERS

Washington, Jan. 28.—After a month of preliminary work the American Red Cross is now engaged in fulfilling a last obligation to the American fighting men who fell in the World War and to their families. To the relatives of each man whose body now rests overseas, as far as humanly possible, there is being sent a photograph of the grave of their soldier boy as a keepsake of him and enduring memento of his part in the struggle for Liberty.

Ever since casualties among the American forces began to occur Red Cross photographers working with the Graves Registration Service of the Army have been systematically making individual photographs of every identified grave. The photographs have now been assembled at National Headquarters of the Red Cross where the Department of Communication staff is painstakingly checking them over and forwarding them, enclosed in suitable covers bearing inscriptions of the name, rank, organization and resting place of the soldier, to the next of kin, according to the latest information in the possession of the War Department.

From beginning to end the Red Cross is working entirely under the supervision of and according to the regulation of the Graves Registration Service and every possible precaution is being taken by both the Army and the Red Cross to insure the 75,000 photographs reaching the families of

those to whom they mean so much. Accordingly neither time nor expense is being spared to discharge completely this obligation the Red Cross undertook for the soldiers and their loved ones.

Three copies of each photograph are being forwarded to the next of kin as designated in the best available Army records. No application by the family for these photographs is necessary and they cannot be purchased. It is suggested that when additional copies are desired by the family or for friends the recipients of the originals have the extra copies made by a local photographer.

The Red Cross has no share in the registering of or care of the graves or the final disposition of the remains of soldiers. All questions bearing on these matters should be addressed to Col. Charles C. Pierce, Chief, Graves Registration Service, War Department, Washington, D. C.

RANGERS TO ENCAMP ON DISPUTED OIL TERRITORY

Wichita Falls, Texas, Jan. 28.—Twenty-five Texas rangers armed with rifles left Wichita Falls at 11:45 this morning for the oil fields.

They are making the trip by automobile. It will require about two hours for them to reach the field, on account of the bad condition of the roads.

Sam Sparks, Texas claimant to part of the territory involved said the ranger would take possession of the disputed territory and that no resistance was expected on the part of the Oklahoma officers.

County Engineer A. F. Mitchell was in Burlington Tuesday attending a meeting of the citizens who are planning a road bond election in the Burlington district.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

BELIEVE EXHIBITION GAME IS ASSURED

COMMITTEE RECEIVES TERMS
FROM BRANCH RICKEY AND
WILL BEGIN WORK

With the receipt of a letter from Branch Rickey, president and manager of the St. Louis Cardinals of the National League, giving the terms on which an exhibition game can be staged here with the Philadelphia Athletics of the American League on their way to the Brownsville training area, a definite plan is at hand on which to stage the game.

This letter was received in Cameron early this week by Will Triggs, chairman of the committee which is made up of himself, Monta Thomas and F. S. Lesovsky from the Commercial Club. Following the receipt of the letter which was read before the Commercial Club at its last regular meeting the committee got in touch with Mr. Rickey relative to terms.

The letter received asks a guarantee of \$1200 for the game. Mr. Triggs, Mr. Thomas and Mr. Lesovsky believe the amount can be raised and will proceed to solicit the required number of fans in Cameron.

It is planned to get a guarantee of \$10 from 120 fans in Cameron and if this plan is successful which the committee believes will be, the game is assured.

The Cardinals are getting a guarantee of \$1000 for ten games to be staged in and near the training camp at Brownsville and the Cameron game will be staged as the clubs are on their way down to the training center.

The dates on which these games can be scheduled are given by Mr. Rickey as March 29, 30 to 31st. Either of these dates are satisfactory to the committee and when it is determined if the financial guarantee can be raised Mr. Rickey will be notified and the date set.

The proposal has caused a big lot of interest among fans of Cameron who wish the opportunity to see the big stars in their war paint do the major league stunt on local grounds. The clubs will present the battle guard as in midseason splendor and some of the world's most famous diamond stars will be seen in action.

The Athletics will be under the personal supervision of veteran Connie Mack and the Cards will be under the supervision of Branch Rickey.

The matter will be laid before the Commercial Club Friday night for final discussion.

HEALTH SURVEY IS COMPLETED TODAY

CONDITION OF HEALTH GOOD
SAYS DR. HOWELL OF BOARD
OF HEALTH

Health conditions obtaining in Cameron are good according to the facts shown by the indexical survey which is being completed today by Dr. A. L. Howell of the State board of health. Dr. Howell has been in Cameron for the past three weeks making this survey in co-operation with local physicians and City Health Officer Dr. Townsen and the city commission.

"I wish to compliment the people of Cameron," said Dr. Howell, "for the interest they have shown in making health conditions here good, and thank them for their co-operation in every way while making this survey. I wish to thank the city council for its co-operation and the co-operation of the city health officer."

Dr. Howell expects to leave Cameron Friday afternoon for Thorndale where he will conduct an indexical survey similar to the one he is concluding today in Cameron. When Dr. Howell has concluded at Thorndale the work all over the State will have been practically ended as far as the indexical survey is concerned.

All necessary recommendations for better health methods will be made to the State Board of Health. With this work well under way and the anti-malaria campaign Texas should be able to rid itself of much of the prevalent malaria and other similar conditions by the beginning of spring and summer.

In practically every respect Cameron is up to the average of towns in this section of the State, and the finding of this condition is very gratifying to Dr. Howell and the State Board of Health.

BAPTISTS GIVE RECEPTION FOR PASTOR AND FAMILY

On Tuesday afternoon from three to six o'clock the congregation of the Baptist church gave to Rev. and Mrs. B. B. Blaylock a reception of a two-fold nature—a house warming for their new home and a celebration of the 25th anniversary of their wedding.

The entire home of seven rooms was decorated with pink and red carnations and a warm welcome awaited all at the appointed hour.

The guests were met at the door by Mrs. William Henderson, and passed on to the sitting room where their beloved pastor and his wife received them and were made happy by words of love and appreciation.

Throughout the entire afternoon music was furnished by the Edison interspersed with selections for the piano by Misses Katie Cone and Lillie Kate Beckerman, a song by Miss Walker. Two readings were given very appropriate to the occasion, touching the hearts of all, one by Mrs. M. G. Cox, "That Old Sweetheart of Mine," another by Miss Hillman, "Sweethearts Forever."

The dining room was a bower of beauty in pink carnation and fern. Seated at a perfectly arranged and decorated table were: Mesdames Lloyd Mitchell and Simmie Burns—the one pouring tea, the other coffee—while Misses Opha Blaylock and Clara Thomas served. All these ladies were in handsome evening gowns. Mrs. Lloyd Mitchell wearing a handsome Paris gown brought her by her husband who has only very recently returned from overseas. Chicken salad, sweet pickles, pink and green mints, and salted nuts were served. And those deserving prominent mention were the "kitchen force," for it was said that the chicken salad was unexcelled. These were Mesdames Beckerman, George McGehee, S. M. Burns, Sr., George A. Thomas and George Mangum.

Mrs. Cottle presided at the Guest Books and hundreds of Rev. and Mrs. Blaylock's members and friends inscribed therein.

Before leaving the guests took a survey of the entire new home they had prepared for the pastor and family and can well be proud of their interest and love.

The reception continued from six to eight o'clock for the young people and business men.

This was principally converted into a B. Y. P. U. stunt party which produced much merriment.

Seated in the dining room this time were Misses Ruth Henderson and Opha Lee Blaylock, and serving Misses Estelle Coleman and Lillie Mag Jeter.

The Board of Deacons presented their beloved pastor and his wife with a set of sterling silver knives and forks with a pledge of a golden set on their fiftieth anniversary.

The Herald and their many friends hope they will get the golden set.

Messrs. Alexander and Renald of New York, are visiting in Austin this week before their return North.

ANNOUNCING

New Spring Arrivals

Ladies Coat Suits, Dresses, Polo Coats, Leather Coats and Millinery

We are very much pleased to offer this splendid assortment of Fashionable Garments just in from the best markets of the East and invite you to our store to see the display. They will please you because distinctive in fashion and matchless in design.

IT PAYS To Invest Wisely

THE Oil Industry in Texas is rapidly reaching the zenith of its power. Every day the Big Companies are attempting to throttle the oil production and get control of the Fields. The strides that the Independent operators and Small Companies have made have been marvelous. There have been a few Good Opportunities to make Big Stakes on a small amount. There was the Fowler, The Texas Chief, The Colconda, then the River Deals and the Big Deep Stuff at Ranger. Then came the Royalty Stage. The Sensational opening of Eastland County, the "Wild-Catting" in Central Texas, then the almost unbelievable Development at Homer, and lately the Development in Duval County, and the turn of the Wheel to the Amarillo District

AND THEY HAVE ALL BEEN GOOD ONES.

Now We Really Have the Next Big Sensation in the Field at Tracy and our structure at Maysfield--- Here We have another Damon Mound, Another Homer, Another Burk.

The Gold Days of "Forty-Nine" the Silver Tales of the Old Bonanza Kings in Colorado made meager profits compared to the millionaires who have "Mopped Up" in Texas oil.

3800 ACRES . . . \$200,000 CAPITALIZATION . . . SHARES \$10.00

Our leases are in Milam County. We have 249 acres in Tract Number One at Tracy. This lease is located nine miles southwest of Cameron on the Tracy road. We are in the Heart of Tracy Shallow Field. We have three producing wells on this tract. We struck more oil and sand in these wells than in any of the fifty or more shallow wells that have been drilled in this field. We feel sure that these wells when properly handled will make twenty-five barrels. We know we have a fortune for our Company on this shallow production.

Tract Number Two is three miles west on the same structure, consists of 741 acres on the same structure and is in line for oil.

Tract Number Three. Three Thousand Acres at Maysfield. These leases are located ten miles north-east of Cameron, Texas, in Milam County. **HERE WE HAVE ANOTHER DAMON MOUND.**

This land is rich in Oil Seepage. And with its present and potential Development Program the Earnings of the Company from this lease should be not less than \$15,000,000. Even though it be admitted that this is Extreme Optimism **YET YOU WILL LIVE TO SEE THIS IS RIGHT.**

Now, my dear friend, if you have no faith in YOUR heart, if you do NOT believe in history and facts, if you have absolutely no sporting blood in your veins and are absolutely devoid of all human hope THEN you should not buy our stock. Better invest your money in a three per cent savings bank and smoke three for a nickel cheroots the rest of YOUR life, for IT DOES TAKE A LIVE ONE TO BUY STOCK.

CAMERON POST OF LEGION TO MEET

ADJUTANT HENDERSON SENDS LETTER TO MEMBERS ON MATTERS OF INTEREST

An important communication is being mailed out to members of the American Legion Post No. 9 of Cameron by Adjutant T. S. Henderson, Jr., and Assistant Adjutant, A. G. Woody, relating to the American Legion magazine, and matters of interest to the members of the post, and also to announce a meeting of the Post on Sunday afternoon, February 8.

The letter which is being prepared is produced for the benefit of Legion members in today's Herald as follows:

January 26th, 1920.

Dear Comrade:

You no doubt have enjoyed reading The American Legion Weekly, and have found many other advantages in

your membership in The American Legion. In order that you may continue to receive the Weekly and enjoy other advantages of membership we must call upon you for some assistance.

At the National Convention, which met at Minneapolis, Minn., last November, it was decided that the fiscal year of the Legion should run from October 10th to October 10th, and that the State and National dues should be \$1.25. Consequently, if you joined The American Legion before October 19th, 1919, your dues are renewable for the sum of \$1.25; and if you joined after October 10th, 1919, your dues for the remainder of the year will be 75c. When your new dues are paid you will receive both The American Legion Weekly, (the National publication), and The Legionaire, (the monthly publication of the Texas branch), for the year. The Weekly alone is worth the whole price.

Cameron Post No. 9 has been supported so far by voluntary contributions from its members and their friends; but we feel that the time has

now come when we should be self-supporting, and for that reason we have placed the local dues at the sum of 75c a year. This amount will go to pay for stationery and supplies, and to create a fund to be used for a big show when we have our annual get-together meeting next November. The expenses of our fine club-rooms in Cameron will be otherwise provided for, and the local dues will not be applied to that purpose.

Now, don't put this off till tomorrow, but sit down now and send stamps, check, change or money order to The American Legion, Cameron, Texas, for \$2.00 if you joined before October 10th and for \$1.50 if you joined after that date. On receipt of your dues we will mail you a handsome membership card showing that your year's dues have been paid up. This card will be your introduction wherever you may find a Post of The American Legion. It alone is worth the price.

If you have had any trouble about your War Risk Insurance, allotments, back pay, or bonus, or any other trouble connected with your army experience, write or call the Adjutant of Cameron Post No. 9, and he will help you out of your troubles. If you have dropped your War Risk Insurance, let us know and we will send you some valuable information, and if any insurance agent has tried to persuade you to exchange your government insurance for "old line" insurance, please let us have full particulars. It has come to our notice that some insurance agents have made misrepresentations to ex-service men about their insurance, and we want to get at the bottom of the matter.

There will be a very important meeting of Cameron Post No. 9 on Sunday afternoon, February 8th, at Legion Hall in Cameron from 3:00 to 5:00 p. m. Something to smoke and something to eat will be passed out. Don't miss it.

Be sure and send in your year's dues right away.

Yours for 100 Per Cent Americanism.

Don't fail to see the first episode of "The Invisible Hand" and follow it through the fourteen succeeding pictures. Greatest serial ever screened. Wonderland Theater, Saturday, January 31st.

American Beauty Flour for cake baking.—Giles L. Avriett.

A DELAYED MESSAGE

To all concerned:

I have recently received a little note from one of my old life-long friends, Jones Martin, now temporarily located at the Capitol City, who began life and grew to manhood in Milam county, whose father, a noble grand old gentleman, now many years gone to his final reward, was one of the early pioneers of this county. The note only mildly reprimands me for an apparent neglect of duty in not observing the usual business and social formalities of the Holiday Season by "publicly exposing" my grateful appreciation of the good will and liberal patronage of my friends and the public generally of the past year and with best wishes and a happy prosperous new year for all, hoping these happy conditions will continue ad infinitum, etc., etc.

He is kind enough to express a personal disappointment at the "non-appearance of this item" in public and insists that I make the amends honorable at this late day, giving me carte blanc to scatter ink over as much paper as I choose at his expense in The Herald. This seems like a criminal waste of print paper when it so scarce and high that many publications are failing for the lack of it, but "Jones" pays the freight and Ische Bibble. He hardly realized what he let himself in for by his kindly offer, for scribbling with me is something like some of these Texas wet weather spells, when they get under good headway—the supply seems inexhaustible. For instance, the one we have on now has been running about two years and one of the heaviest rains during the whole time is falling as I write.

No, Jones, this little matter was not exactly an oversight. I thought about it at the time. As I grow older however, am gradually dropping off many old customs and habits—especially those requiring physical or mental effort and non-essential, and had figured this one in that list—which was possibly a mistake.

My friends and the general public have always treated me kindly and I took it for granted that the mere formality of reiterating how much this kindness was appreciated was unnecessary.

I had given up the toy business, quit playing Santa Claus, the game strenuous, so I had nothing special to advertise, all of which accounts for the "item that was missing"—and perhaps neglected obligation. Don't

get the impression, however, that I am anything like a "down and outer" or back number, so to speak, for I am still "on the job." My business the year was one of the best I ever had (thanks again to the good people and friends who so liberally contributed their patronage) and the new year starts with bright prospects of even better results, as I hope it does with all of you.

In a few days I will arrive at my 70th mile post, the three-score and ten limit allotted us in the original scheme of things for active life duties, but by reason of strength and the Lord's kindness I hope to go beyond that limit indefinitely. But be the time long or short I hope the same good fellowship, good will and mutual kind feelings will continue to exist and abide to the end between you and

Yours truly,
J. M. TUCKER.

Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, Eprains, etc.

THE COMMUNITY TRUCK PAYS

College Station, Jan. 28—In reporting to the Extension Service A. and M. College of Texas, County Agent W. L. Stallings of Harris County says: A director of the local society located at Katy of the Houston District Dairy Farmers Co-operative Society, reports that the organization is working a revolution in that community; that their community truck not only paid expenses, but cleared \$126.00 for the association the second month, and that a large number of people who some cows, but were not marketing milk, now have a weekly income of from \$25 to \$30, whereas they had no cash income at all three months ago. He predicts that the result of this association's work will largely change the type of farming in this district.

I have 120 acres of land, part in bottom and part hill land that I want to rent, third and fourth preferred.—R. L. Batte.

BIG OIL OPERATOR LOOKS OVER FIELDS

K. M. JOHNSON WITH SYNDICATE
VIEWS MILAM STRUCTURE
WITH INTEREST

Representing a Fort Worth Syndicate and on the lookout for new oil structures of a prominent type, K. M. Johnson whose home is in Tulsa, Oklahoma, has returned to Cameron after a consultation with leading men of the oil industry with whom he has been associated for a number of years.

For some time Mr. Johnson and his associates have been trying to secure a drilling contract on the Maysfield holdings of the Tracy-Maysfield Oil & Gas Company. It is the consensus of opinion among several big operators that these holdings are among the choice locations in the big field that is to be brought in in Milam county.

So far no contract has been closed for any drilling from this syndicate but it is expected that they will soon start operating in sections of land in and near these fields.

Cameron and Milam County has been visited by a large number of oil men during the past two weeks and there has been awakened considerable interest all over the State in this territory. Eyes of operators are turning to Milam county on account of the announced plans of development and on the strength of showing in shallow oil which have been made here during the past two years.

There is every indication that this county will soon see the greatest development campaign of its history.

WELL NEAR RISING STAR REPORTED FLOWING BY HEADS

Eastland, Texas, Jan. 28.—A report received from Rising Star today is that the well Foster and others are drilling on the W. T. Hilburn tract, four miles northwest of that place, is flowing by heads better than 2,925 feet. A showing of oil and gas was obtained at better than 2,750 feet in this well, which is important in that it is the first of the wildcat operations in the southwestern part of Eastland County to get results. Four miles east of the Hilburn tract E. W. Powers and others are drilling at better than 2,800 feet on the Hill tract.

The Mid-Kansas Oil and Gas Company has struck the Caddo line at 3,275 feet in its C. J. Harrell well, seven miles northwest of Eastland. It should reach the big pay at about 3,685 feet. The well is located near the top of a fan-shaped structure separate and distinct from the Gunsight structure, several miles northwest of it. Geologists and explorers have known of its existence for several years.

The Mid-Kansas well is being watched with interest because the indications are that it will prove the existence of big production in an area covering about eight square miles and extending north into Stephens County and west into Eastland County from the Harrell tract.

WILL TEACH AT BAYLOR

Mr. W. J. Walker, who has worked so faithfully and efficiently in the Cameron Public School for the past twelve years, will teach this year in the Summer School of the Baylor University. This speaks well for Mr. Walker, since it is his second summer there. He has been a great factor in the Cameron School, filling a responsible position, and he well deserves the confidence of the Baylor people.

Screen patrons are in for the treat of their lives. See "The Invisible Hand" the super serial at the Wonderland, beginning Saturday, January 31st.

CITATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to summon George Mitchell by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court in Milam County, to be held at the court house thereof in Cameron, on the 1st day of March 1920, the same being the 1st Monday in March 1920 then and there to answer a petition filed in said court on the 22nd day of January 1920, in a suit numbered on the docket of said court No. 8123, wherein Lillie Mitchell is plaintiff and George Mitchell is defendant, said petition alleging: The Statutory Grounds of Three Years' Abandonment.

Herein fail not, but have before said court on the said first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 22nd day of January, A. D. 1920.

PENN WOLF,
Clerk of the District Court, Milam County, Texas.

FABULOUS PROFITS ARE PAID TO INVESTORS IN OIL STOCK IN TEXAS

The United States Oil Company, Fort Worth, Texas, recently negotiated a transaction with the Dominion Oil Corporation, a subsidiary of the Middle States Oil Corporation, of New York, wherein it will receive \$450,000 for its holdings in Block 74 of the Burk Burnett field. The stockholders of the United Company have been paid, up to the present time, 150 per cent in dividends, and those persons who held stock in this company originally will realize 1,150 per cent on their investment, through the consummation of this recent deal, within less than one year's time.

\$58,000,000 OIL-GAS PIPE LINE PROPOSED

WOULD EXTEND FROM WICHITA
FALLS VIA DALLAS TO
ATLANTIC COAST

Shreveport, La., Jan. 28.—Officials of the United States Producers Refining Company have announced that plans are rapidly maturing for the construction of parallel oil and gas lines from production at Wichita Falls and in Louisiana to deep water on the Atlantic seaboard, the lines involving an expenditure of \$58,000,000 to be raised by bond issues through New York and London connections. The plan, as outlined by E. W. Hartman, president, is to start from Wichita Falls, run through Fort Worth and Dallas, due east to Shreveport, thence through Vicksburg, Meridian, Jackson, Montgomery and Columbus, and from there either to Charleston, S. C., or Savannah, Ga. It is also planned to erect casing-head gasoline plants every 200 miles along the line, and it is also planned to furnish towns and cities along the route with gas for fuel and industrial purposes and for electric power.

The oil line, under the plans announced, will tap the Burk Burnett, Homer, Bull Bayou and DeSoto oil fields, and the Caddo and Monroe gas fields.

It is expected that valuable connections will be made in Dallas and Fort Worth for the gas line.

RAISE MORE HOGS

The farmer who grows ten acres of poor cotton and, at the end of the year, owes it all for hog and hominy, doesn't put much money into the bank.

The farmer who grows five acres of good cotton and raises corn and hogs to feed his family on the other five can, at the end of the year, bank his cotton as clear profit.

He's the farmer the American Cotton Association stands for—the farmer this newspaper wants to see more of.

The American Cotton Association encourages diversified farming instead of the old all-cotton system, so that every cotton farm in the South may become self-sustaining through the production each year of ample supplies of food and food crops.

In the issue of The Country Gentleman dated January 31st, there is an article based on the policy of the American Cotton Association, in which every Southern farmer, merchant and banker will be interested. It is called "Cotton—and Hogs." There are five other articles in the same publication about the new freedom of the Cotton South, all of which you should read.

Cotton—and Hogs will make money for all of us in the South—and will make every bank account fat.

U. S. PRODUCED 69 PER CENT OF WORLD'S OIL IN 1919

Washington, Jan. 25.—The United States produced 69 per cent of the world's output in petroleum during 1919, according to an announcement from the Geological Survey. The estimates for 1919 are not yet available. The United States' production for that year was close to 356,000,000 barrels of forty-two gallons. Mexico produced nearly 64,000,000 barrels, or 12.4 per cent of the world's production.

From 1857 to 1918, inclusive, the United States has produced more than 61 per cent of the world's output, amounting to more than 4,600,000,000 barrels. The Mexican production has been but 3.8 per cent, while that of Russia has been nearly 25 per cent.

Just received—fresh shipment of

RANGERSTAKE OVER DISPUTED OIL LAND AT OKLAHOMA LINE

ADJUTANT GENERAL HEADS
STATE FORCE.—DRILLING
WAS INTERFERED WITH

Wichita Falls, Tex., Jan. 28.—Headed by Adjutant General Cope, five Texas rangers and a deputy sheriff with an injunction order from a Texas court, took possession of the Burk Divide Oil Company's lands in the heart of the disputed Red River boundary area this afternoon without opposition, according to Sam Sparks, Texas claimant, who accompanied the longhorn officers on the occupation trip.

The Texans found no armed guards on the property. An Oklahoma deputy sheriff upon whom the Texas Injunction order was served is quoted as answering that "Oklahoma wanted no trouble and would retire." W. D. Brown, representing the large Texas interests, began work of constructing derricks on the property for Texas oil drillers.

Signs reading "this is Oklahoma territory; keep off," were replaced by signs which read, "this is Texas property."

Adjutant General Cope of Texas, who returned here tonight from the Burk Divide oil lands occupied by the Texas rangers this afternoon, said that Texas met no opposition from the Oklahomans and that "everything was adjusted in a peaceful and quiet manner."

General Cope quoted A. M. Stewart of Grandfield, attorney for A. M. Marsh, receiver of the Burk Divide oil lands occupied, as having made the following statement to him:

"This controversy has ceased to be a county matter and is a state affair. We will not oppose the state of Texas."

General Cope said he had heard nothing of the reported appeal from Mr. Stewart to Governor Robertson of Oklahoma, today for troops to preserve order along the disputed territory. He seemed surprised and declined to discuss what action Texas would take in the event Oklahoma troops were called out.

Sam Sparks, Texas owner of the

extensive lands leased out in the disputed territory, said that the Oklahoma receiver told him Oklahoma would withdraw all armed guards and keep them off the property until the "courts decide."

Mr. Sparks declared that the Texas rangers were sent into the disputed territory because Texas claimants had been interfered with in drilling operations. He declared that Texas claimants will be permitted to drill property in the disputed area with delay.

Mr. Sparks said the disturbance began with the disregard of placers miners of injunctions from Texas courts against their operation in the disputed area. Mr. Sparks' claims to the territory date from 1919 when a permit was issued by Texas granting him the right to develop the land. The State of Texas holds one-eighth interest in any oil which may be obtained therefrom.

T. F. Hardy spent last Saturday in Waco.

NOTICE IN PROBATE

THE STATE OF TEXAS.

You are hereby commanded to cause the following to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return hereof:

NOTICE

THE STATE OF TEXAS.

To all persons interested in the estate of Paul Helmcamp, Jr., Magdalene Helmcamp, Robert Lee Helmcamp and Elmar Vastine Helmcamp, minors, Cause No. 1781, Notice is hereby given that Paul Helmcamp Sr has filed in the County Court of Milam County, an application for letters of guardianship, of the persons and estate of Paul Helmcamp, Jr., et al, minors, which will be heard at the next regular meeting of the County Court, which will be begun and holden on the First Monday in February, same being the 2nd day of February, A. D. 1920, at the Court House thereof, in the City of Cameron, at which time all persons interested in said estate may appear and contest said application, if they see proper.

Herein Fail Not, under penalty of the law and of this Writ make due return.

Given under my hand and seal of office, in the city of Cameron, the 25th day of January, A. D. 1920.

Attest: Will T. Yates,
Clerk County Court, Milam County,
By Dick Clark, Deputy. 37-31

Mrs. R. D. Brown has as her guests this week, her mother, Mrs. Strickland of Weatherford, and her sister, Mrs. Frey, Broach of Munday, Texas.

Mr. and Mrs. H. W. Hefley made a trip to Waco last Sunday, returning to their home in Cameron Monday.

Upholding Cotton

In the past eleven years the cotton crops of the South sold for \$13,236,000.00

They should have brought \$25,000,000.00

If the cotton growers had banded together eleven years ago—as they have now in the American Cotton Association—they would have driven out the poverty, the privations that have been forced upon them by low prices and the domination of speculators who have profited at their expense.

But, thanks to the American Cotton Association, cotton is at last free from economic and speculative slavery that has bound it for years.

Today the South is a unit—farmers, merchants, bankers—in upholding cotton for the good of all.

This bank is for the cotton grower first, last and all the time. Whatever it can do to boost the prosperity of the grower, it will do. And it believes that economic freedom for the whole South is coming through the American Cotton Association.

In the issue of The Country Gentleman for January 17th there is a great article telling about this splendid work of the American Cotton Association in upholding cotton. Read it—read it and five other articles to follow. You can buy The Country Gentleman from any newsstand for five cents; or a whole year, 52 issues, for \$1.00, by sending your subscription to the publisher in Philadelphia, Pennsylvania.

Know all there is to know about the South's new freedom. It will pay everyone of us this year!

LUCIE IS CONVICTED

In the case of the State of Texas vs. A. F. Luce, which was on trial all of last week, resulted in a conviction of the defendant and his punishment was assessed at 7½ years' confinement in the State penitentiary. This was the case in which A. F. Luce and J. L. Carter were charged with swindling Mrs. Bobbie Syfrett of Thorndale, Texas, during the year 1915, in which lands in Culberson county traded for the Thorndale property. This was an interesting case which consumed a week for trial.

The State was represented by Roy Baskin, County Attorney and A. J. Lewis, Assistant County Attorney, and the defendant was represented by the firm of Henderson, Kidd & Henderson.

Henderson, Kidd & Henderson, attorneys for the defendant, announce that the case will be appealed.

In the case of the State of Texas, vs. A. M. Bolton, set for the 26th day of January, was continued on account of the heavy rains and high waters.

"The Invisible Hand," the super serial, starts at the Wonderland Theatre, Saturday, January 31st. Fifteen episodes—wonderful, spectacular, mysterious and gripping. Remember the date.

COAL FOR SALE—Fifty or seventy-five tons of nut, pea, slack mixture at \$10 per ton at the Oil Mill while it lasts.

WANTED—A position in retail grocery or dry goods store. Write Joe Vajdak, Rogers, Texas. 39-3t.

FOR SALE—1600 acres highly improved farm on upper Brazos near Mumford, 1350 cultivated, 27 houses. Very cheap to close estate.—L. E. Norton, Scanlan, Bldg., Houston, Texas. 38-16t.

WHEN THE BATTERY STARVES

"A battery that is run down for lack of proper charging, is like a man who has been weakened by a lack of proper food," said Mr. T. C. Whites, local Willard expert. "The battery is too weak to take charge in the normal way just as the man who has not had sufficient nourishment may be too weak to work for a meal. For this reason it is useless to try to charge the battery by running the engine of the car."

"The proper method to follow with such a battery is to put it on charge at an extremely low rate for a short period and then gradually increase the rate until the normal charging rate has been reached. This can only be done at some service station which is properly equipped for this sort of work."

Occasionally some one has asked us if this job cannot be done by running the engine slowly at first and letting the battery charge in that way for several hours; after this process has been allowed to proceed for some time the idea would be that your engine should be speeded up so that normal charge would proceed. Of course, this process is not a workable one. The one thing that stands in the way of such a charging process is that the generator is so constructed that it supplies current at nearly normal voltage almost as soon as it begins to supply it at all. No matter how fast or how slow the engine runs the current supplied will be just the same, and instead of charging and helping the weakened battery, it will heat and probably injure it."

I have 120 acres of land, part in bottom and part hill land that I want to rent, third and fourth preferred.—R. L. Batte.

KLAWANSKY RETURNS FROM EAST MARKETS

CAMERON MERCHANT SPENDS TWO WEEKS BUYING FOR SPRING SEASON

W. Klawansky, prominent Cameron dry goods merchant and business man, returned Monday morning from New York, where he has been for the past two weeks in the markets of the east buying merchandise for his spring business in this city.

Mr. Klawansky says that although there exists a shortage in merchandise in some lines, he was able to make purchases sufficient to meet the needs of the Cameron business. Mr. Klawansky in going to the markets was able to personally supervise and select the purchases of his spring merchandise, and by this reason is able to display a varied as well as high class and serviceable stocks.

Mr. Klawansky announces that some of his purchases have begun to arrive and expects entire delivery in the next few days or in ample time to make spring displays previous to the opening of the season.

Mr. Klawansky has been engaged in merchandising in Cameron for the past several years. He reports a pleasant trip to the east, but is never the less glad to be back in Cameron.

I have 120 acres of land, part in bottom and part hill land that I want to rent, third and fourth preferred.—R. L. Batte.

"The Invisible Hand" featuring Antonia Moreno, world famous screen star, starts at the Wonderland Saturday, January 31st. Don't fail to see it. Fifteen episodes.

Court House News

MAXWELL

Has Won Its Following Through Its Quality

POUND for pound, the metals used in the Maxwell chassis compare favorably with those in the best cars that the world has produced, according to metallurgists.

There is a deep seated reason for this quality in a Maxwell.

For the fundamental purpose of the Maxwell is to carry the same passenger load over the same roads and at the same speeds as larger and more expensive cars.

Its particular mission is to carry this passenger load in an extremely economical way.

Therefore the Maxwell had to be light. But to make it strong as well as light only the very best of materials could be employed.

Hence, the quality metals.

And it was through the quality of its metals that Maxwell developed its following.

This is a following that began five years ago with a foundation of 5,000 and now reaches a mark of 100,000 in 1920.

300,000 Maxwells now on the highways of two continents are a daily endorsement of the merit of this great car.
